Come & Learn to:

- Describe the history of African American/Black midwifery in the US and its impact on the present
- Explain the significance of racially and ethnically concordant health care
- Identify the value of a midwifery workforce that is representative of the diverse population of childbearing persons in the US
- Summarize the opportunities and challenges (highs and lows) of antiracism work
- Examine what is happening with the present day surge in antiracism work
- Describe implications for future policy, advocacy and research
