

5 Tips To Keep You Happy Everyday

1

Do something impulsive.

Do something that you haven't planned every day. Be open to new opportunities that may arise.

2

Have rituals.

We are less who we are than what we do. Do 3 things that you love every day. An attitude of gratitude impacts all areas of your life.

3

Exercise at least 30 minutes a day.

Exercising has an influence on your brain, on your mood, on your ability to reflect and on your health.

4

Take breaks.

Prevent burnouts by stopping what you are doing and do something else. Create a different atmosphere, add some novelties in your daily routine.

5

Learn something new.

Learning helps to create new connections in your brain and to come up with new ideas and new opportunities.
