Dear ColorWorks Paint & Decorating customers,

**On Wednesday, June 28<sup>th</sup>, 2017 ColorWorks Paint & Decoration was acquired by Concord Lumber Corporation.**

Terry and Jock have successfully led ColorWorks for 27 years; they not only founded the company but continued to shape their vision, which led to ColorWorks being a well-respected professional partnership in seven communities. The employee-owners of Concord Lumber Corporation extends to Terry and Jock a sincere thank you for their years of dedication to the company, which is now providing us with this tremendous opportunity.

We would like to assure the customers of ColorWorks that we recognize much of what makes them a successful company has been the expert team in place, and we look forward to having all of their employees joining our ranks. Concord Lumber Corporation is committed to honoring the ColorWorks legacy. Their reputation as a knowledgeable, customer service driven team with quality products precedes them, which is why in addition to the staff, the business name, product lines and services are remaining unchanged.

Concord Lumber Corporation was founded in 1946 as a local business to help the surrounding community with its building needs. The company has grown over the years and operated four divisions before this acquisition: Concord Lumber, Littleton Lumber, The Kitchen Works and Forester Moulding & Millwork. Despite changes in the industry our mission has always remained the same: **to partner with our contractor, remodeler, and homeowner customers to create beautiful homes.** Adding ColorWorks to our family of companies will allow us to expand on this primary goal.

We will be sending customer welcome packets in the mail soon. If you currently have a credit account with ColorWorks or are interested in obtaining one, please fill out the Concord Lumber Corporation credit application included in that packet. This will ensure that your account with credit privileges may continue without any interruption.

We look forward to partnering with you in the future and thank you for this opportunity.

Warm regards,

Rick McCrobie  
President  
Concord Lumber Corporation
