

Society of St. Vincent de Paul Donation Guidelines

When friends donate unusable or hazardous goods to the Society of St. Vincent de Paul, the cost to properly dispose of these items reduces funding that could otherwise support our efforts in caring for individuals and families in need. Please follow these guidelines make your donation go further. In general, all donated items should be **gently used, clean, and in working condition.**

Checklist

- Is my Furniture in good shape?
- Does my furniture have stains, rips, tears, or pet hair?
- are any of my items painted with lead-based paint?
- Has this toy been recalled?
- Are my items damaged?
- Do my sports, medical and exercise equipment meet [Consumer Product Safety Commission \(CPSC\)](#)?
- Have all stuffed animals been washed before donating?
- Have all toddler toys been sanitized and cleaned before donating?
- Donors are encouraged to review the and announcements before donating. Items that have been recalled cannot be donated to or sold by St. Vincent de Paul.
- Do my electronic items, small appliances, and battery-operated items working?

Since many of these donations will be given to our friends in the community, please donate items your own family would enjoy using and feel comfortable wearing. If you are unsure whether or not the item you are interested in donating is appropriate or you have further questions, please email our Donations & Distribution Supervisor at amber.phillips@svdphouston.org.
