

Region 31 Honor Choir Audition Contract

Region 31 offers an wonderful audition and clinic opportunity to 9th and 10th grade singers as an alternative to the TMEA All-State audition process. Preparing and audition for the Region 31 Honor Choir is an excellent way to improve your individual musicianship and challenge yourself as a singer. The process underscores the CHHS Panther Choir program's values of Professionalism, Responsibility, and Integrity and requires deep perseverance. All choir members are highly encouraged to participate.

Rehearsals

The preparation for this audition process requires intentional, daily practice. To support this practice, recordings are available to each singer through their Google Classroom. Weekly rehearsals will also be held in the CHHS Choir rooms with directors. To ensure readiness and encourage success in these auditions, we ask students to attend at least 1 rehearsals and a "mock audition" prior to the Honor Choir Audition.

You are welcome and encouraged to come practice in small groups during any lunch, off period, or after-school time. There will be some director availability for twenty-minute, individual student coaching prior to the release of the audition cuts. *As practice tracks are accessible in Google Classroom, we ask that singers come to sectionals and individual coaching with notes and rhythms learned to the best of their ability.* Detailed schedules for rehearsals and coaching will be available in the CHHS Choir Newsletter each week.

Mock Auditions

As part of the commitment to this process, we request that each singer completes a mock audition on the released cuts prior to the audition day. Mock auditions are currently scheduled for October 18, 4:00 - 6:00 pm. You will sign up for a five minute time slot through a Google Calendar link.

Auditions

Please ensure availability on the following dates before beginning this process. This audition requires many hours of preparation from students, directors, and the region members, and we ask that you honor the commitment being made to and by each of the preceding when registering. *In some cases, we are able to accommodate students with school related conflicts on the audition date when disclosed prior to registration.*
