

SAHPRA Communique to Industry

SAHPRA will commence with its re-location process on approximately 27 July 2020 from the CSIR campus to the Loftus Park.

The official date for the occupancy at the new building is 3 August 2020. The transition is expected to be a smooth one with limited interruptions. SAHPRA has been primarily operating remotely during the lockdown period and thus we expect limited disruption to our operations.

Please note that the SAHPRA facility access protocols as communicated in March 2020 will remain in place. We encourage applicants to engage with SAHPRA staff members virtually and only meet face-to-face if absolutely necessary.

This is an exciting and invigorating period for SAHPRA as we migrate to “new beginnings”, in spite of the COVID-19 pandemic. We look forward to hosting you at our new home.
