

The Scandinavian Association for the Study of Pain

From Cells to Societies: What do we not know about pain?

Oslo April 3rd – 5th 2019

Venues

PhD Course, April 3rd 09:00 – 17:00:

National Institute of Occupational Health (STAMI), Gydas vei 8, Oslo

Opening reception: April 3rd 19:00 – 20:30:

Oslo City Hall (Landside entrance)

Conference: April 4th 9:00 – 16:45 and April 5th 9:00 – 16:00:

Gamle Logen, Grev Wedels plass 2, 0151 Oslo

Networking dinner, April 4th 19:00 – 22:00:

Oslo Opera House

SASP 2019: PhD Course, Wednesday April 3rd

08:30 – 09:00	Registration	
09:00 – 09:30	Introduction to translational pain medicine Johannes Gjerstad	
09:30 – 10:15	The basics of pain genetics Johannes Gjerstad	
10:15 – 10:45	Coffee	
10:45 – 11:30	Experimental pain research in healthy humans Siri Leknes	
11:30 – 12:30	Lunch	
12:30 – 13:15	An introduction to systematic reviews and meta-analysis Eva Denison	
13:15 – 14:15	Hands on lab demonstration: Animal models Johannes Gjerstad	Hands on lab demonstration: Human experimental models Dagfinn Matre
14:15 – 14:45	Grandpa's perspective: Possibilities and pitfalls in pain research Per Hansson	
14:45 – 15:00	Coffee	
15:00 – 16:30	Oral presentation from PhD students with feedback from senior researchers Everybody	
16:00 – 17:00	Plenary discussion and summary of presentations Dagfinn Matre	
19:00 – 20:30	Welcome reception at the Oslo City Hall	

SASP 2019: Thursday April 4th

08:30 – 09:00	Registration	
09:00 – 09:10	Welcome - A user's guide to the conference. Christopher S Nielsen	
09:10 – 09:30	How may we serve you? The future role of SASP in building Nordic collaborative networks. Sigrídur Zoega	
09:30 – 10:00	To what extent has quantitative sensory testing led to actual clinical benefit? Satu Jääskeläinen	
10:00 – 10:30	Dynamic experimental pain models: Hot news or Big hype? Cartsten Dahl Mørch	
10:30 – 11:00	Coffee, posters, exhibition	
11:00 – 11:30	How do we make user participation in research work? John A Zwart; Ingrid Bånerud	
11:30 – 12:00	Are animal models of pain valid and how well do findings translate to humans? Vesa Kontinen	World Café Patient engagement John A Zwart Ingrid Bånerud Anna Fryxelius
12:00 – 12:30	Biological treatment of rheumatoid arthritis - A translational success to be copied? Camilla Svensson	
12:30 – 13:00	Biomarkers as a tool for discovery and reverse translation. Emmanuel Bäckryd	
13:00 – 13:45	Lunch	
13:45 – 14:15	Social mechanisms and pain: Lessons from social network studies of health and behavior Christopher S Nielsen	
14:15 – 15:15	Travel awards winners	
15:15 – 15:45	Coffee + Poster tour	
15:45 – 16:15	Are single-condition single-drug trials ecologically valid in the field of pain? Eija Kalso	
16:15 – 16:45	How do we communicate our results to the world? Nina Kristiansen	
19:00 – 22:00	Congress Dinner at the Opera House	

The big picture	Methodology	Engagement	Translation	Networking
Clinical trials	Awards	Pain and society	Taxonomy	Administration

SASP 2019: Friday April 5th

09:00 – 09:30	Socio-economic influences on pain and its consequences Gary J Macfarlane
09:30 – 10:00	Estimating the direct and indirect costs of chronic pain Sara Hallberg
10:00 – 10:30	Can we measure treatment effects when we lack adequate placebo controls? Lene Vase Toft
10:30 – 11:00	Coffee, posters, exhibition
11:00 – 11:30	Different conditions, common causes: What twin studies tell us about pain comorbidity? Frances Williams
11:30 – 12:00	Is precision diagnostics key to successful pain treatment? Per Hansson
12:00 – 12:30	SASP General assembly
12:30 – 13:15	Lunch
13:15 – 13:30	To what extent does questionnaire screening of chronic pain reflect actual clinical pain? Ólöf A Steingrimsdóttir
13:30 – 14:00	The rationale for and application of the ICD-11 classification of chronic pain Audun Stubhaug
14:00 – 14:20	Panel discussion - ICD 11 Eija Kalso, Per Hansson, Audun Stubhaug, Frances Williams
14:20 – 15:00	Coffee + Poster tour
15:00 – 15:30	Wearables, implants, artificial cells: The present and future of sensor technology and bio-monitoring Ilangko Balasingham
15:30 – 15:55	Basic - Experimental - Clinical - Societal: Can we pull it all together? Audun Stubhaug
15:55 – 16:00	Goodbye

The big picture	Methodology	Engagement	Translation	Networking
Clinical trials	Awards	Pain and society	Taxonomy	Administration
