## Size & Length Comparison Printables

### Objectives:

- Compare pictures according to size and length using appropriate comparative terms (e.g. bigger than, smaller than, etc.)
- Compare and order items according to size and length (e.g. smallest to the biggest, biggest to smallest)

*Little  
Dots*

# Terms of Use

This file is intended for **personal** and **classroom** use **only**. **Please note that because product is digital, it is not refundable.**

## You are welcome to:

- Download and print as many copies as you need to be used in your own classroom or home
- Share the link to the website page where this file can be found for others to download or purchase

## You may not:

- Copy this file for more than one teacher, classroom or school
- Republish this file online or in printed for free or monetary compensation
- Alter this file in any way
- Print the file and sell the printed copies to others
- Claim that this product is yours or remove the logo and copyright info in this file

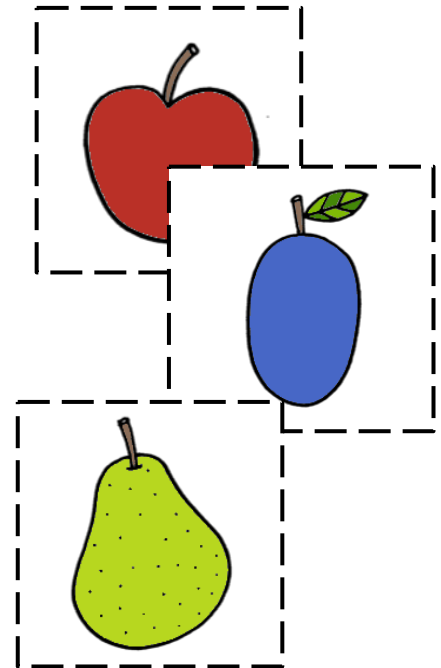

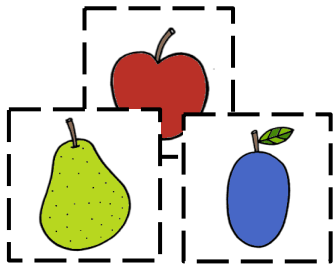

We have the right to modify the terms of this agreement at any time and such modifications will be effective immediately and shall replace any prior agreements.

Thank you for respecting our Terms of Use. If you have any questions or would like to use this file commercially, please feel free to drop us an e-mail at [littledotsstudio@gmail.com](mailto:littledotsstudio@gmail.com) and we will do our best to reply promptly.

Visit us at [www.littledotseducation.com](http://www.littledotseducation.com) for more preschool materials and resources.

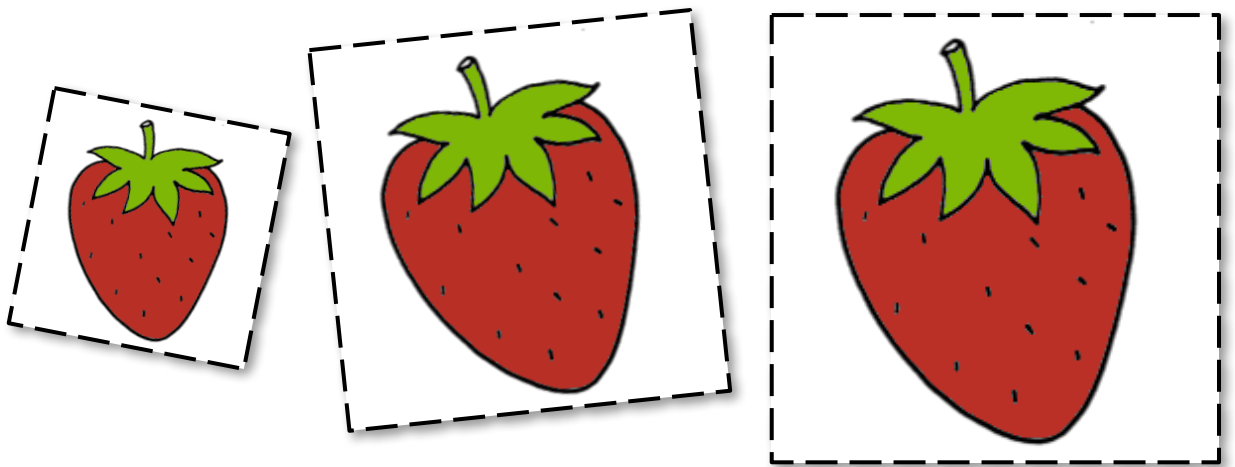

## 4 Ways to use this printable:

1. From each food item pick out two pictures of different sizes (big and small). Let the children sort all the food items into two groups: small and big.

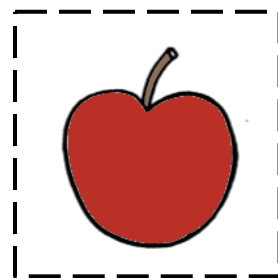

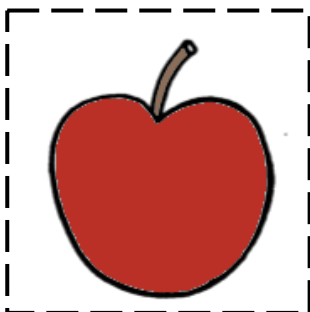

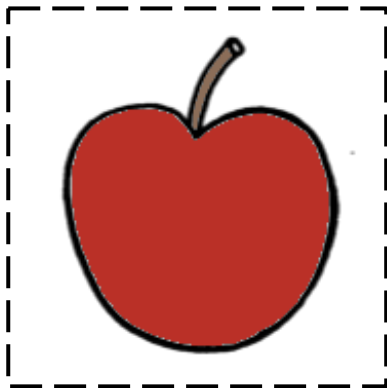

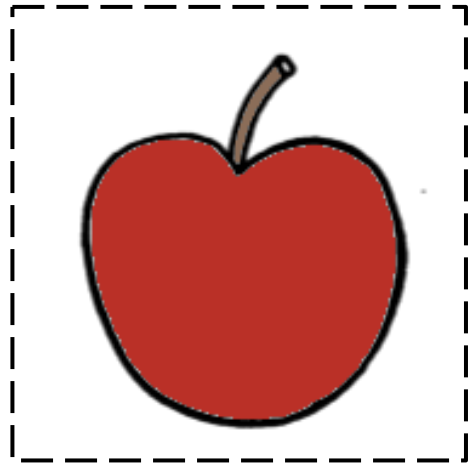

1. Pick a picture of a food item and ask the children to find items from the same food group that are bigger or smaller than the chosen picture (e.g. can you find a bigger/smaller apple?)

3. Get children to order each food items from smallest to biggest or vice versa. You can adjust the level of difficulty by letting children to sort from a group of three items and increase the number of items to make it more challenging.

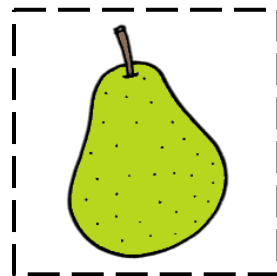

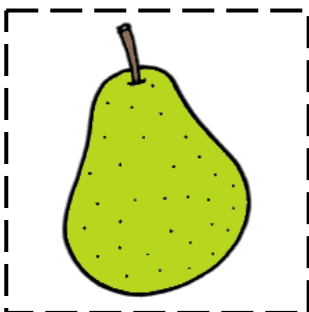

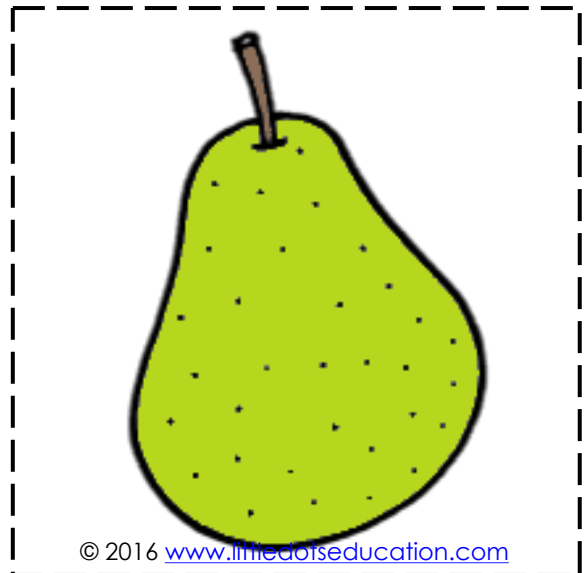

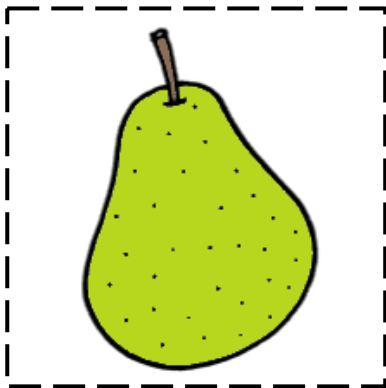

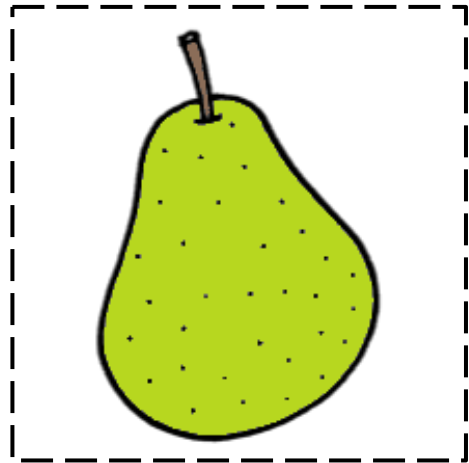

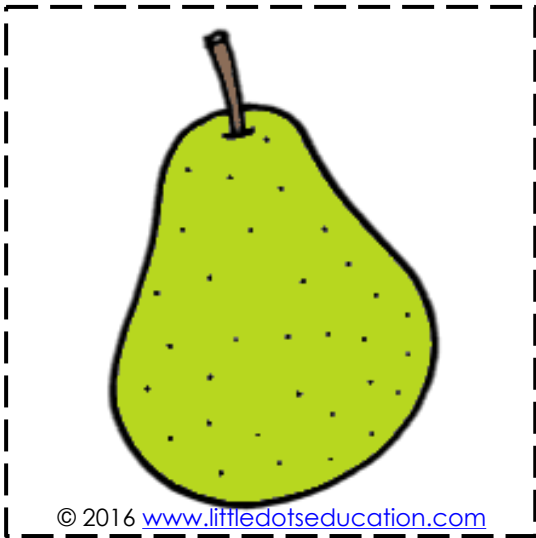

4. There are pictures of caterpillars of different lengths on the last page. You can use this printable to let the children order the caterpillars from the shortest to the longest.
