LYNCHBURG AREA BUILDER TRIP

Aruba

Aruba, a tiny Dutch Caribbean island off the coast of Venezuela, has dry, sunny weather, blond beaches and gentle surf. Constant trade winds bring cool breezes and cause the divi-divi trees to slope southwesterly. European influence shows in architecture that features Dutch gables painted in tropical pastels. It's also evident in language, with English, Dutch and Spanish spoken alongside the local tongue, Papiamentu.

BON BINI! WELCOME TO ARUBA!

Aruba is home to beautiful white-sand beaches, 82-degree days, and some of the warmest people in the world!!The island is 19.6 miles long and 6 miles across, with a total area of 70 square mile located just below the hurricane belt, and unlike many islands in the Caribbean, climate is dry, so we rarely have a rainy day. the south and west coasts of Aruba, you'll find Oranjestad, the capital city, and miles of beaches.
