New

Market–leading
accounts software
for small to medium
sized businesses who
need complete control
and confidence in
their finances.

What is Sage 50 Accounts?

From invoicing customers and paying suppliers, to dealing with every aspect of your VAT and accounts, Sage 50 Accounts helps you manage all the different areas of your business. It gives you the reliable information you need to stay in control and drive your business success.

It gives you the best of both worlds, with the benefits of stable, reliable desktop software and the choice to also link your data in the cloud, to give you greater flexibility and security.

- Share data with your accountant in real-time
- Automatic backups protect your data
- New mobile apps help business managers and sales teams understand performance on the go

Streamlined navigation helps you work more efficiently. And it's been tested to deal with up to 1.5 million transactions.

Why Sage?

We've been delivering software, services and support to businesses for more than 30 years. More than 140,000 businesses in the UK and Ireland choose Sage 50 Accounts to help them run their business.

Through thousands of conversations with our customers every day, we understand the changing needs of business and respond to them. We adapt our software and services to help you meet your challenges now and in the future.

Sage 50 Accounts at its core

No limits or delays

New Sage 50 Accounts has been tested with up to 1.5 million transactions, and up to 20 concurrent users*, so you can be confident it will continue to serve your business as it grows. Ensure your backup data is always up to date by scheduling regular automatic backups. And there's no need to stop processing when you're taking a backup.

• Real-time access to your information anywhere***

By linking your Sage 50 Accounts data to the cloud, you can easily share it with other users. For example, a colleague working from home or anywhere outside the office can access the updated information and work on the same data as if they were in the office.

• Flexible to fit your business

Easy to set up to suit your business type, you can further customise Sage 50 Accounts to fit different roles and responsibilities within your organisation. Set up reports that show you the information you need at a glance.

Add favourites to help people get to the data they need most often. And keep the clutter off your screen by hiding tools you don't use.

Stay connected to your business

Our online payment service **Sage Pay**** can help you get paid quicker with electronic invoices and by linking it with Sage 50 Accounts you'll save time and avoid import errors.

Sage Business Community

Sage 50 Accounts subscription customers with support and Sage Cover customers are welcomed to the Sage Business Community – an online area where members can share their expertise and insight. You can connect with others to exchange advice and support and make valuable new business contacts.

**Additional charge may apply

Sage 50 Accounts at its core

Get up and running in a few simple steps

With a simple installation process, it's easy to install and set up.

Take more control of your finances

Easily manage your accounts, understand your cash position and keep your bank records up to date. If you trade overseas, add the Foreign Trader module and manage multiple currencies.

Easily and accurately manage your VAT

VAT returns are easy. You can automatically and accurately calculate your VAT returns, verify and submit them to HMRC online in the UK or the Revenue in Ireland. Save time by submitting your returns in just three clicks and keep records of your returns and submission receipts together.

- **Show me how**

  Gives you the confidence that you are entering and processing transactions correctly for your VAT Scheme

- **VAT verifier**

  Ensure that your VAT return contains all the transactions for the VAT period you're submitting for.

Manage your customers and sales

Create and find all your customer details quickly and easily. Store all your product and service information, and raise professional looking quotes and invoices or record sales at the click of a button.

Manage your stock

Get an accurate view of your stock value; keep your information on your stock levels up to date and check if you have enough stock to fulfil orders as you go.

Understand your business performance

With a selection of reports at your fingertips to help you analyse and understand your business, you'll be able to make better business decisions. Get a quick overview of your finances at a glance, or dig deeper into the analysis with reports that you can tailor to your unique business needs.

New Sage 50 Accounts Mobile Apps

Keep in touch with your business and make informed decisions wherever you are, even when there's no internet connection.

Sage 50 Accounts Tracker***

For smartphones.

Perfect for anyone who needs meaningful business insight on the go, Sage 50 Accounts Tracker tells you how your business is performing from your smartphone.

By cutting out the need to wait for reports or checking back with the office to get up-to-the-minute information, it helps you make quick, confident decisions about your business, by putting the supporting information in your hands.

- **Data at your fingertips**
  Immediately see top level sales, purchases, bank balances and profitability. More detailed understanding of invoices, bank details, reconciled position and profit and loss balances is only a screen tap away.

- **Contacts and directions on demand**
  Find customer and supplier contact details, together with a handy map view. Call, email or text without having to switch apps.

- **Keep your eye on cash flow**
  See customer and supplier invoice lists, filter by due days, overdue days and value to help you target where you need to chase or make payments.

- **Understand your profits**
  Check Profit and Loss balances for the month and year end to date.

Sage 50 Accounts Mobile Sales**

For tablets.

Ideal for people who need to manage their sales pipeline on the move, Sage 50 Accounts Mobile Sales helps you manage your customer relationships, and make the best use of your time to initiate and close sales.

- **Products and prices at your fingertips**
  Immediately see accurate product and price details without having to refer to reports, printed sheets or call back to the office.

- **Quick quotes, orders and invoices**
  Instantly create accurate quotes, orders and invoices to secure sales and keep your pipeline moving.

- **Speed up sales**
  With detailed customer information in your hands, you can initiate and close sales wherever you are, without having to refer back to your notes or call the office. Giving you and your customers confidence in your business and driving sales forward.

- **All in one contacts**
  Find customers contact details, including notes, reminders and details of their purchase history and payment reliability. Get maps and directions without leaving the app. Everything's in one place.

....

- **Insight on demand**
  Sage Drive apps work online and offline to give you business information wherever you are at any time.

- **Connect even without coverage**
  Get customer and product information even when Sage 50 Accounts isn't running and you have no mobile network coverage.

- **Protected and secure**
  Ensure your data is safe and protected with encryption and secure sign in.

- **No expertise necessary**
  Quick and simple to set up and use. You don't even have to know how to use Sage 50 Accounts to get the business data you need. It's an app after all.

- **Get more done in less time**
  Because you can help yourself to the information you need quickly and easily without relying on others to compile reports, you can work more efficiently. And that could mean more time for the important things, like weekends.

  Sage 50 Accounts Tracker and Sage 50 Accounts Mobile Sales are supported by
  - iOS v7 and onwards
  - Android v4

Work with your accountant in real-time***

With Sage 50 Accounts you can share live accounts data securely online with your accountant, meaning you can both work on the most up to date data, without disrupting your business.

That means you can have confidence that your accountant can offer you the best advice based on current data, and can always help you manage your accounts. There's no need to stop processing while they provide their services, meaning less down time for your business.

And you can see exactly what changes your accountant has made, so you understand the effect on your business.

Thanks to multi-level online security, your data is protected and can only be accessed by people you grant access too. You maintain control of that access at all times.
