# Short-term help at home

**You may get short-term support to help you regain your independence at home from the Council's Short Term Intervention Team (STIT), when you're leaving hospital.**

This kind of help can make a real difference when getting better after an illness, a fall, or after an operation.

The team will give you:

- information and advice about organisations near to you that can help you regain independence in your own home.
- the strength and ability to continue to live in your own home, like help with personal care (washing and getting dressed), preparing meals and medication.
- the confidence to live independently by providing the opportunity to talk through what you're struggling with, and either learn new ways to do things, or use equipment to support you.
- advice on how you can keep in touch with family and friends.

There are also other services and organisations that may be able to support and advise you if you think that this kind of support may help you to remain independent at home. To find out more you could visit the First Point reception at Howden House, Union Street, in the city centre, or contact the Council's First Contact Team (details on p18).

# Long-term help at home

There are many services that can help you stay independent in your home, such as:

- equipment services, including care alarms
- home care
- gardening and handy person services
- meals delivered to your home.

## Equipment

There are many different types of equipment that can help you at home. Talk to your GP who can refer you to a community nurse, occupational therapist or physiotherapist for advice or an assessment of your needs. They may be able to prescribe you equipment such as mobility aids, commodes or hoists to help you remain independent in your home. They may also be able to organise a loan of equipment, depending on your needs.

You can also buy small aids like tap turners, grab sticks, long handled shoe horns, water proof sheets and wide handled cutlery.

There's a number of local equipment suppliers that have showrooms you can visit to try and buy equipment:

## Care Alarms

Emergency care alarms can offer round the clock support every day of the year to people who need them. They can also provide extra peace of mind for carers who know their loved ones can get help when they can't be there.

Sheffield City Council's **City Wide Care Alarms service** is available to anyone over the age of 18 and can help people remain safe, secure and independent in their own

home. An alarm button is worn and together with a base unit (which you can hear and speak through thanks to its powerful microphone and loudspeaker), can give you access to help from a call monitoring centre. A range of automated alarms are also available to help manage risks in the home. Find out more at  [www.sheffield.gov.uk/carealarms](http://www.sheffield.gov.uk/carealarms) or call  (0114) 242 0351.

## Gardening and handy person services

You can find gardeners and handy person services on the Sheffield Directory website:

 [www.sheffielddirectory.org.uk/helpathome](http://www.sheffielddirectory.org.uk/helpathome) and in Yellow Pages or Thompson Local.

The **Stayput Handyperson Service** can help you with little jobs to make your home safer. They work with people aged 60+ and disabled people. They can do small jobs, like fit hand rails on stairs or grab rails, for about half the usual cost. They can also do odd jobs like fitting door locks, bolts, key safes and changing light bulbs.

# Housing support to remain in your home

**Housing support can help you stay independent at home. There's help available in your local area, whether you're a tenant or own your home.**

Housing support can help you to:

- develop independent living skills and confidence
- access community groups and activities
- access the right benefits for your circumstances and write a budget plan
- set up and maintain your home
- prevent you from becoming homeless

- move home if your home is no longer suitable for you and help you through the process
- make sure your home is safe and secure
- access health, treatment services and support groups

If you're aged 55 or over, you can contact the Live Well at Home housing support service, run by South Yorkshire Housing Association. Get more details from their website: [www.livewellathome.org.uk](http://www.livewellathome.org.uk), email [livewellathome@syha.co.uk](mailto:livewellathome@syha.co.uk) or call them (0114) 290 8359.

## Supported Living

**Supported Living services support tenants, people who own their own home and people who live with family carers, so they can live as independently and safely as possible.**

You may want this support because you have a learning disability, or a physical or sensory impairment.

You may want a few hours of support a day or week to help you with the things you have to do, or you may want 24 hour support to help with your care. Your support can help with things like:

- managing bills and money
- cooking and healthy eating
- getting a job
- shopping
- learning new skills for independence
- personal care and well-being
- managing medication
- accessing employment, sports and social activities

People who have Supported Living can live

in a variety of different places, like:

- a home you share with someone else, or a group of people. You all agree to live together in shared accommodation.
- a home you live in on your own – a flat, house or bungalow.
- living at home with family.

Many of these services in Sheffield have agreed to meet Sheffield City Council's standards for good quality care and support that is centred around people. The standards help make sure people are supported to achieve their goals. When a provider meets these standards they are included on the Supported Living Framework.

You can find details of all the services that meet these standards on the Sheffield Directory: [www.sheffielddirectory.org.uk/housingsupport](http://www.sheffielddirectory.org.uk/housingsupport).

If you think you want help from the Council to arrange your Supported Living contact the Council's First Contact Team. (details on p18).

# Moving to a more suitable home

**There's a whole range of housing services that can help you be as independent as possible, delaying the time when you'll have to consider moving into a care home.**

## Mutual Exchange

Thousands of tenants have been helped to swap their rented council or housing association home with other social tenants. This is known as Mutual Exchange. This can help if you have to move to a different part of the city or even to another part of the UK, or if you want to swap because your home is no longer suitable for you. You can apply to swap homes if you're renting from a Council or Registered Social Landlord In the UK.

You can find someone to swap with yourself, or you can go to the Sheffield Property Shop website to find what local and national swaps are available. You will need to have a clear rent account and not broken any of the conditions of your tenancy:

 [www.sheffieldpropertyshop.org.uk](http://www.sheffieldpropertyshop.org.uk).

If you're a Sheffield City Council tenant you can advertise to exchange your tenancy free of charge on the national Home-swapper website:  [www.homeswapper.co.uk](http://www.homeswapper.co.uk).

If you're interested in doing a Mutual Exchange and want more advice you can call the Property Shop on 📞 (0114) 293 0000 (North Sheffield), 📞 (0114) 205 3333 (South Sheffield), or visit us in Howden House (details on p18).

## Downsizing

If you're in social housing you can also apply to move to a property with fewer bedrooms if your home is too big for you. It's called Under Occupancy Priority. You can find out more about this on the Sheffield Property Shop website:

 [www.sheffieldpropertyshop.org.uk](http://www.sheffieldpropertyshop.org.uk).

You'll also find great advice to help you get this right – or you can call the Property

Shop on 📞 (0114) 293 0000 (North Sheffield), 📞 (0114) 205 3333 (South Sheffield).

If you're in a council property your area housing office will be happy to visit you and talk to you about downsizing.

## Medical priority rehousing

The Council's Health and Housing team can help you if you're having problems in your home because of a health condition or disability. This includes things like:

- you have severe mobility problems and cannot reach essential facilities in your home, like the toilet, bath or shower, or you cannot get in or out of your home.
- you have to live closer to a carer, or your carer has to live closer to you, for essential support with daily living.
- you have a long term health or mental health problem and your housing situation is making your problems significantly worse and you find it difficult to live independently.

The Health and Housing team can also advise you on support to allow you to remain in your home.

To apply for medical priority housing, fill in an application form. To get a form call the team on 📞 (0114) 273 5522 or call into any Council housing office or First Point.

## Sheltered housing – independent living for older people

Sheltered housing is rented accommodation designed for people aged over 60, who want to live independently but require some additional help and support. Sheltered schemes vary but can provide things like:

- self-contained flats, studio

apartments or bungalows.

- communal facilities such as a lounge for social activities, gardens, kitchen, laundry.
- safety and security.
- neighbourhood officer or scheme manager.
- housing management and support service.
- caretaking service for the communal areas.
- 24 hour emergency response through an alarm service.

You can find information on sheltered housing in Sheffield and the rest of the UK, from the Elderly Accommodation Council website: [www.EAC.org.uk](http://www.EAC.org.uk). For information about Sheffield City Council's sheltered housing contact the Council Housing Service on [\(0114\) 293 0000](tel:01142930000).

### Extra care housing

Extra care housing schemes help people aged over 55 to live independently with the confidence that help is there when required.

The schemes provide self-contained flats and bungalows with staff on hand to help when required. They vary in size, location and facilities, with many offering homes to rent, buy or part-buy.

Five schemes have been developed in partnership with the City Council. For more information contact them direct:

- Guildford Grange at Norfolk Park – call [\(0114\) 273 7888](tel:01142737888).
- The Meadows in Shirecliffe – call [\(0114\) 243 5749](tel:01142435749).
- Brunswick Gardens in Woodhouse – call [\(0114\) 294 0000](tel:01142940000).
- White Willows in Jordanthorpe – call [\(0114\) 237 7960](tel:01142377960).
- Roman Ridge in Wincobank – call [\(0114\) 280 0540](tel:01142800540).

There are some other schemes which offer a range of different support and services, you can find out more at [www.housingcare.org](http://www.housingcare.org).

# Residential care and nursing homes

**Deciding to move into a care home is a big decision, that's why we've given you details of all the other ways you can get help to live in your own home. But if you're considering this, it's important to get good advice so you know what will be right for you. In this section, we've provided some helpful advice and answers to frequently asked questions to help you make the right choice for you.**

## How will I know if I should move into a care home?

You may not have to move into a home – there are now lots of ways you can get help to remain at home.

As well as the advice we've provided above, the Council's First Contact Team can give you, or your family and friends, ideas of how you can support yourself and how to proceed. You'll find their contact details on p18.

If you're paying for your care and support and feel you cannot be independent in your home any longer, you can contact any of the homes listed on p18-32 about moving into a home. We strongly recommend you use the advice below to help you choose which home you will live in.

If you want help from the Council to arrange your move, contact the First Contact Team (details on p18). The Council will talk to you about the problems you're having. If the Council agrees you need to live in a home, they will help arrange your place in a home.

The Council will also talk to you about your finances. Unlike NHS healthcare, social care is not free. Most people pay for some or all of their care and support in a home.

Your finances include your income (including benefits and pensions) and your savings or investments. The Council will use national rules based on the Care Act 2014 to work out what you can afford to pay and what, if anything, the Council will contribute towards the cost of your place in the home.

## Getting financial help

There are 2 key principles which apply to everyone:

- You'll never have to pay more money towards the cost of a care home than you can afford.
- If you have £23,250 in capital (such as savings) you'll have to pay the full cost of your care.

To work out how much you have to pay for your care, the council first take into account your capital, and then your income.

**Your capital** can include the value of any cash, savings, stocks and shares you have.

**Your income** can include money you regularly receive from a pension, charity or other organisation.

## Working out your capital

Things you should take into account:

- The total value of the cash, savings, stocks and shares you currently have
- The total value of anything you own that could be sold (excluding personal possessions)

It's important to know that the value of your home is counted as capital unless:

- Your spouse or partner is still living in the property
- A relative aged 60+ years is still living in the property
- A relative who is substantially disabled is still living in the property
- A relative who is dependent on you and is aged under 18 is still living in the property
- A person who has cared for you and has been living with you for the past 5 years is still living in the property (subject to circumstance)

If you own your home you may be able to get a loan from the Council called a "Deferred Payment Agreement". Interest is charged on this loan, and it's secured against your property. The Council's First Contact Team

can help you if you wish to apply for this (contact details on p18).

### **Capital over £23,250**

If you have capital over £23,250 you'll have to pay the full cost of your care. This is known as being a 'self-funder'. This means you get a head start as you can contact care homes in this guide whenever you're ready.

### **Capital between £14,250 and £23,250**

If you have capital over £14,250 but under £23,250 Sheffield City Council may contribute towards the cost, but will need to look at your care and support and financial circumstances in more detail.

### **Capital under £14,250**

If you have capital worth less than £14,250, it will not be included, but your income will still be considered. Sheffield City Council may contribute towards the cost, but will need to look at your care and support and financial circumstances in more detail.

### **Working out your income**

Your income can include any money you get regularly like:

- A pension or regular payment from a charity or other organisation
- Benefits you receive (some benefits such as Working Tax Credit are not included)
- The council will also take into account an amount from the value of your capital, between £14,250 and £23,250. This is called Tariff Income. Tariff Income on this capital is not the actual interest you receive from it. The tariff income is calculated using Government rules.

### **Meeting with you**

After the Council has talked to you about the problems you're having, they'll arrange for an officer to talk to you about your finances.

They will discuss all this with you and answer any questions you have. You can read more about this in the factsheet: Paying for your care and support in a residential or nursing home. Download a copy from the Council website:

 [www.sheffield.gov.uk/factsheets](http://www.sheffield.gov.uk/factsheets).

[www.sheffielddirectory.org.uk](http://www.sheffielddirectory.org.uk)

The factsheet explains what is and is not included in the income and capital calculations when the Council look at your finances.

When we're planning support with you, if we agree that your care and support needs are best met in a care home, we'll provide you with a choice of suitable care homes that are available and affordable within your personal budget. Your personal budget is the amount of money we've allocated to meet your care and support needs.

If you choose to live in a home that costs more than this amount, you'll need to ask someone else (like a relative, a friend or a charity) to pay the difference. This is called a 'top up'. They must sign a written agreement which sets out the extra costs and how often they have to be paid. If at any time they're not able to pay the top up, we may ask you to move to another home.

We can also give you information about a "Deferred Payment Agreement" which can help you pay your care and support contribution. This is an agreement between you and the Council to delay paying the costs of your care and support until a later date, or until your death.

If a nursing assessor decides you require nursing care in the home, NHS Sheffield will pay for the nursing part of your care.

Unless you pay the full fee for your care yourself, this won't affect the amount you pay towards your care.

If you choose not to tell the Council about your finances you will have to pay for the full cost of your place in a home.

If you are funding your own care in a Residential / Nursing Home the Council advise that you seek independent financial and legal advice to make sure that you get all the income you can and get the best return from your capital.

You should continue to receive Attendance Allowance while you are paying for your own care, if you are not in receipt of this at the higher rate it is likely that you would be eligible if you need 24 hour care.

### **Getting financial advice**

Choosing how to pay for your long-term care is a big decision. You should speak to a Financial Adviser (who is regulated by the Financial

Conduct Authority) to discuss which option is best for you.

A Financial Adviser will be able to discuss how you can help make your money last and let you know about financial products which are designed to help with paying care costs.

You will have to pay to see a Financial Adviser, but they must tell you how much their advice is going to cost. They must also tell you up-front whether it's a fixed fee or based on the time they spend working for you. The Money Advice Service (a free, independent service) can explain about the different types of Financial Adviser and help you to find a choice of Regulated Financial Advisers. You can call them on 📞 0800 138 7777 or find out more at 🌐 [www.moneyadviceservice.org.uk](http://www.moneyadviceservice.org.uk).

If you're entering into a legal agreement with the Council or someone else (such as a Deferred Payment Agreement) you should also consider taking legal advice (for example from a solicitor or from Sheffield and District Law Society, call 📞 (0114) 272 3655).

You can also get free and impartial information on money matters from a range of local and national organisations. This should not be instead of talking to a Financial Advisor, but can be very useful in addition to it.

## Choosing a care home and what to do next

### Don't forget what's important to you!

This could be being close to family and friends, socialising, taking part in a local activity, or being able to enjoy time outdoors. Residential and nursing care homes in Sheffield differ in location, size, the special services they provide, equipment available and the cost. So it's always important to keep in the back of your mind those things that you feel are most important to you when choosing a home.

There are lots of things to think about when choosing a home, so to make things easier for you we've created a checklist of key questions to ask when choosing or visiting a home. You can find this at the end of this guide – Choosing a home checklist.

Also try finding out what others think. Check out what people in Sheffield are saying about local homes by reading some of the comments on the Healthwatch Sheffield website:

🌐 [www.healthwatchsheffield.co.uk](http://www.healthwatchsheffield.co.uk).

All the homes in Sheffield have to register with the **Care Quality Commission (CQC)**. The CQC makes sure the homes meet minimum standards of good service, and then inspect the services regularly.

When you go to the CQC website:

🌐 [www.cqc.org.uk](http://www.cqc.org.uk), you can find the ratings for all homes in Sheffield and read their inspection report. We strongly advise you to read the most recent reports for the homes you are considering, because the standards in homes can alter for a variety of reasons.

You can contact the CQC through their website or by writing to 📧 CQC Customer Service Centre, City Gate, Gallowgate, Newcastle Upon Tyne, NE1 4PA, or call them on 📞 03000 616161.

## What's the difference between a residential home and a nursing home?

**A residential home** provides 24 hour care by trained staff and is regularly visited by a district nurse. The type of care provided is similar to the care that you would get if a relative or friend looked after you (including washing and dressing, meals and going to the toilet). You can stay in a home for a short time (known as respite care) or live there permanently.

There are special homes for people with a learning disability, a physical or sensory impairment, a mental health problem, or a drug or alcohol problem.

**A nursing home** provides care like a residential home, but also provides 24 hour nursing care by trained nursing staff. The person in charge is always a qualified doctor or nurse.

For both a residential and nursing home you would get:

- your own room
- help to be as independent as possible
- 24 hour care support
- help with washing and dressing, at meal times and with going to the toilet.

## Which home will I like?

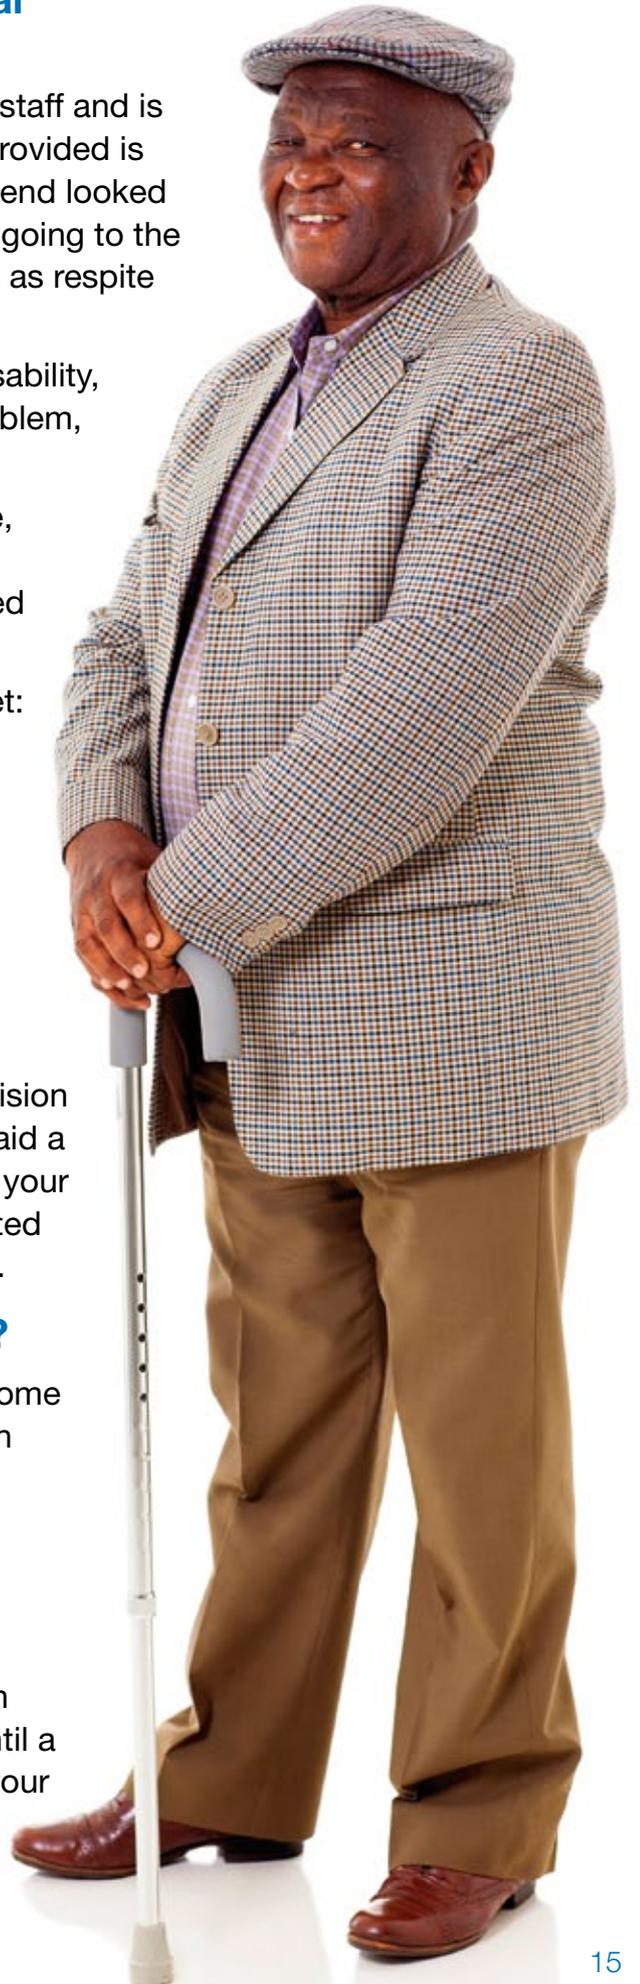

We often hear that people find it easier to make a decision about the home they want to live in, after they have paid a visit. Therefore, we strongly recommend that you and your family and/or friends visit all the homes you're interested in, and consider visiting them at different times of day.

## What happens if the home I choose is full?

If the home is full you can choose to live in a similar home while you wait. Then when a place is available you can choose either to move or stay where you are (this will depend on your individual circumstances).

## What if I don't want to go into another home temporarily?

If you're not at risk the Council can give you advice on how you can support yourself to stay in your home until a vacancy is available. Of course, if you're at risk, or if your care and support can only be provided fully by living in a home, then the Council will advise you to move into another home temporarily.

## Who decides when I cannot (the Mental Capacity Act)

The Mental Capacity Act (2005) is there to help people make their own decisions and plan for the future if they have a condition which affects how they make decisions (such as dementia or a learning disability).

To find out more about this visit the Council website:

 [www.sheffield.gov.uk/mca](http://www.sheffield.gov.uk/mca).

If you want help to make important decisions such as where to live, contact the First Contact Team (details on p18).

## Living in a home

When you're living in a home, there are some things you should know that can help make sure you get a good standard of care:

**Visiting rights:** All the homes in Sheffield should encourage you to receive visitors and to keep in touch with your family and friends.

**Personal allowance:** While you live in the home you will have a personal allowance. This is an amount of money that you must get to pay for personal items while you live in a home. Your personal allowance can't be used to pay for your place in a home. It should be used to pay for things like newspapers or magazines and for your personal care such as hairdressing and toiletries.

**Making a comment, compliment or complaint:** If you have a comment, compliment or complaint about a home there are several things you can do:

- Tell the staff at the home that you see every day.
- Speak with the person in charge of running the home. They are usually called the manager or matron.
- Speak with the 'residents committee' where you can put forward your ideas on running the home.
- Contact the Care Quality Commission

(see details on p14).

- Contact the Council's Customer Services. Visit:  [www.sheffield.gov.uk](http://www.sheffield.gov.uk), or write to  Sheffield City Council Customer Services, Town Hall, Pinstone Street S1 2HH. Or visit the First Point desk at Howden House in the city centre (at 1 Union Street), or call  (0114) 273 4567.

You can also contact **Healthwatch Sheffield** about any concerns you have.

Healthwatch Sheffield is your local consumer watchdog for health and social care. They're independent from the statutory authorities and the NHS, and exist to make sure everyone in Sheffield can have a say in how services are designed and run.

You can talk to them about your experience of using health services (like GPs, dentists, opticians, pharmacies and hospitals) and social care services (like care homes, home care services, personal budgets etc). They want to hear about what's working well, as well as what can be improved. Your feedback is used to help influence and make recommendations on how to improve local services.

Find out more by visiting their website:

 [www.healthwatchsheffield.co.uk](http://www.healthwatchsheffield.co.uk) or write to  Healthwatch Sheffield, The Circle, 33 Rockingham Lane, Sheffield S1 4FW. You can email  [info@healthwatchsheffield.co.uk](mailto:info@healthwatchsheffield.co.uk) or call  (0114) 253 6688.

## Protecting people

People should be free to live a life free from harm and have their rights and choices respected. Some people are less able to protect themselves and may find it difficult to let their wishes and feelings be known. This may make them more susceptible to abuse or neglect.

# Make yourself at home

We are an established team of Healthcare Providers delivering quality care to our elderly clients since 1992. Our approach is based on respecting individual choices, encouraging independence and enhancing contentment and comfort in those later years.

All of our homes provide nursing care and intermediate care and benefit from on site scheduled services of local GPs. Regular visits are made to the homes by experienced Hair Stylists, Dentist and Chiropodist.

The homes recognise the importance of encouraging socialisation amongst clients so comprehensive Activities Programmes are available on site. These include music, shows, arts and crafts, gardening and regular game sessions.

abused or neglected, or is at risk of being abused or neglected **don't ignore it!**

Report your concerns to the Council's First Contact Team (details on the right).

### What happens if I move into a residential home, and later require nursing care?

Tell the home manager or matron, as well as your family and/or friends. A nursing assessor will then decide if nursing care is required. If nursing care is required NHS Sheffield will pay for this.

### What if I am living in a home and I don't like it?

After you move into a home there's always a trial period of up to four weeks. During

this trial period if, for whatever reason the home is not suitable, there is an opportunity to move home. You or your family/friend should speak to the home manager or matron.

Henleigh Hall Care Home

## When you love every day, it's magic.

Every day in Henleigh Hall Care Home is sprinkled with 'Magic Moments'. One day our residents might be out and about visiting local sights, the next, taking part in our exercise classes or alternatively they may just choose to 'stick to their knitting!'. When everything is right, bright and beautifully done – it's a place where you can truly love every day.

Call us on 0114 205 0414 to find out more.

# Moorgate Care Village

## Home...it's where the heart is.

Located just outside Rotherham city centre, and a stone's throw from the hospital, Moorgate Care Village values the importance of exemplary elderly living and care services that cater for a wide range of needs.

As the region's leading retirement village, we offer three levels of the very best, most up to date care and facilities. As a true care environment for life we are the number one choice for those looking for some additional support, right through to around-the-clock care.

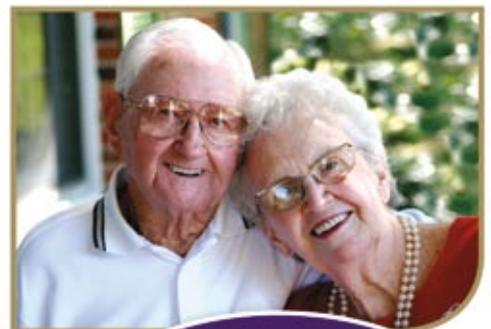

We have three options to choose from, all of which will ensure the highest quality of life for you.

**Moorgate Croft** is a beautifully appointed residential care home with 31 individual rooms, all with en-suite bathrooms and exquisite interiors.

**Moorgate Lodge** provides unrivalled, residential and nursing care for 56 people, 48 of them in single en-suite accommodation.

**Moorgate Hollow** brings together a unique combination of the facilities required to provide the ultimate in fulltime care for those suffering dementia and other related illnesses.

- RESIDENTIAL CARE
- DEMENTIA CARE

Finding the right care home for yourself or a loved one can be a daunting task. Through our teams we provide stimulating and happy social environments with a range of activities, trips and events. We have worked closely with Local Authorities and Health Trusts to provide care support for the elderly for over 20 years.

A welcome and informative approach to relatives and friends are openly practiced so that they are able to play a role in the care that our staff deliver. Quality nursing and residential care support is given on an individual basis, the high standards that we set ourselves are guaranteed.

Bedrooms are a place of personal space with tasteful designs and furnished to genuine high standards. En-suite facilities add to privacy, with television, telephone points and nurse call systems installed. All our staff are friendly, motivated and attuned to the needs of residents. High team spirits and professional attitudes are the key to our success. To maintain the high standards of care, our staff have an ongoing personal development programme. Wholesome and varied home cooked meals are served and special diets catered for.

Allied professional services are provided with personal choice where appropriate - eg reflexology, physiotherapy, chiropody and hairdressing. Our care also means the cultural and spiritual needs of the individual residents are respected.

Motivation, self awareness and decision making is fully encouraged. All our homes provide not only residential care, but also short term respite care.
