Hide the images around the house or garden – why not hide them inside plastic eggs if you have any?!

Use the check sheet for children to ‘tick off’ when they’ve found them (a clipboard is great for this sheet).

This ‘tick’ should be any **MARK** they wish to make (*if any at all*) and needs no correction – however the child sees fit and that they are happy to make.

HAVE FUN!

To extend the fun if needed:

What else can you find? Any worms, ladybirds, leaves.... older children may enjoy drawing other items they see.

What sounds do you hear?

What scents can you smell?
