

## Wool Felt Old Fashioned Ornament

**Materials Needed:** 2 pieces of wool felt, 5" x 4 inches each; Kreinik silk floss, or DMC floss. Size 8 Embroidery Needle, seed beads, small amount of fiberfill for stuffing, ribbon for hanging.

Trace design onto felt using a removable marking pen. Embroider design following the stitch diagram and using 1 strand of Kreinik silk floss or 2 strands of DMC floss. Cut out the embroidered design from the wool felt, and a second ornament for backing. Using the blanket stitch, starting at the top right edge of the ornament and working around the perimeter, stitch the two layers together, stopping at the top left edge. At the top, insert a small amount of fiberfill to create a nice shape, insert a ribbon for hanging, and blanket stitch the opening closed.

Hang your ornament on the tree!
