Active Ingredients:
6.00 % Humic Acid
Inactive Ingredients 94%

DESCRIPTION

Voodoo is a manufactured liquid humic. Its use is suggested as a supplement to a regular balanced fertilizer program to enhance yields and improve quality.

DIRECTIONS FOR USE

FOLIAR APPLICATION: For all crops add 1-4 quarts per acre with enough spray solution to maximize coverage.

SOIL APPLICATION: Without liquid fertilizers, add 1-10 gallons per acre.

FERTILIZER ADDITIVE: Maximum efficacy is achieved at a ratio of 1 gallon Voodoo mixed with 10-20 gallons of liquid fertilizer. Do not exceed a ratio of 1 gallon Voodoo to 10 gallons liquid fertilizer.

FERTIGATION: Inject 1-10 gallons per acre 1-6 times throughout the growing season with or without fertilizers.

MIXING DIRECTIONS

Fill spray tank 1/3 to 1/2 with water. With agitator running add Voodoo. Agitate while adding remaining water and any other fertilizer. Add pesticide last and continue to agitate. Agitate well prior to spraying if mix has been left standing for a short time.

COMPATIBILITY AND USES: Voodoo is compatible with most fertilizers and pesticides. However, a compatibility test is suggested if the desired combination has never before been used. Moderate agitation may be needed.

KEEP OUT OF REACH OF CHILDREN

HAZARDS NOT OTHERWISE CLASSIFIED HAZARD STATEMENTS

NONE

FIRST AID: Get medical advice/attention if you feel unwell. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. **IF ON SKIN OR CLOTHING:** Wash skin with plenty of water. **IF IN EYES:** Rinse eyes with water as a precaution. **IF SWALLOWED:** Drink plenty of water.
