Reminder--URGENT!
Support S. 311---The Born Alive Bill!
Call Senator Collins and Senator King!

Your voice is needed to protect babies born alive after an abortion. The U.S. Senate is scheduled to vote Feb. 25, 2019 on the *Born Alive Abortion Survivors Protection Act, S. 311*.

In light of the radical trend that began with the signing of the Reproductive Health Act by Governor Andrew Cuomo (D-N.Y.) allowing abortion through all stages of pregnancy and *removing* explicit protections for babies born alive following a failed abortion, Congress needs to act now to protect unborn babies.

The Born-Alive Abortion Survivors Protection Act (S. 311), sponsored by Senator Ben Sasse (R-Ne.), would enact an explicit requirement that a baby born alive during an abortion must be given "the same degree" of care that would apply "to any other child born alive at the same gestational age," including transportation to a hospital.

Stop the radical abortion lobby's attempt to allow abortions not only up to the moment of birth, but even after birth--- into infanticide. Stop this barbaric behavior! We would never subject our canine friends to this treatment.

Contact U.S. Senate TODAY

Ask our Senators to vote in support of S.311, to protect unborn babies who survive a failed abortion from infanticide! Give these defenseless little ones the same protections as those born alive at the same age. **All newborn babies must be afforded this fundamental legal protection.**

[Contact Senator Susan Collins](#)

[Contact Senator Angus King](#)

Our children are our nation's most precious resource. Don't subject them to radical and inhumane legislation which places politics over the very lives of our children; born and unborn. Urge Congress to put compassionate and sound legislation in place which explicitly protects our newborns surviving an abortion from an unconscionable, monstrous lack of care.
