Maine Legislature Votes to Enact LD 1313,
Doctor Prescribed Suicide

This week the Maine House passed LD 1313 (Doctor Prescribed Suicide) to be engrossed by a vote of 73/72. We lost by ONE VOTE.

[House Roll Call LD 1313](#)

Today the bill was sent back to the Maine Senate for concurrence. A simple majority of 18 prevails. We lost by TWO VOTES in the Senate: 19/16.

[Senate Roll Call LD 1313](#)

That means the bill passed to be engrossed in concurrence, and if the Governor signs the bill, it will become law throughout our state.

Although it's a dark day in Maine history, our fight is NOT over!

URGENT!!!!

Our final legislative path to stop this bill from becoming Maine law is by a
Veto from the Governor.
We need you to contact Governor Mills and ask her to
VETO LD 1313. NOW.

Governor Janet Mills
1 State House Station
Augusta, ME 04333

207-287-3531

[Email Gov. Mills](#)

This is a bi-partisan issue. Encourage the Governor to let THE PEOPLE decide by referendum, if necessary. The vote in the legislature is too close in both chambers and doesn't reflect the will of the Maine people! This is the 8th legislative attempt to legalize this insidious bill, filled with dangerous loopholes.

Save our vulnerable populations from being denied life-saving treatment in favor of the cheapest medical treatment: assisted suicide! Kill the bill...not the patient. Stand in solidarity for LIFE! We will never stop fighting to defend vulnerable life in Maine. Ever. Contact the Governor now. Ask for her VETO LD 1313.
