Rules Governing Players Not Playing An Entire Match

In the event that an opponent team or a member of that team does not show up for a tee time, or quits a match for any reason, the following rules will apply:

1. If one team member cannot or does not play, the other member shall continue to play, if at all possible. This is essential to protect the field.
2. If an opponent team fails to show up for a tee time, the other team will play and be awarded 1 point for each hole played until the other team does show up. However, the playing team will not be awarded more than 7 1/2 points for the match unless at least 1 member of the opposing team plays at least 6 holes.
3. If both members of a team quit playing after a match has started, the other team will be awarded 1 point for each of the remaining holes, plus 1 point for winning the match, if appropriate. However, the winning team will not be awarded more than 7 1/2 points unless they have actually won more than 6 1/2 points before the other team quits. In that case, they will be awarded all points won before the other team quits, plus 1 point for winning the match.
