### **Kent Household Waste Recycling Centre Consultation**

Dear Colleague

Kent County Council (KCC) Waste Management is seeking views on the proposal to implement a charging policy for waste materials including soil, rubble, hardcore and plasterboard delivered to Household Waste Recycling Centres (HWRCs).

Consultation documents can be found at [www.kent.gov.uk/wasteconsultation](http://www.kent.gov.uk/wasteconsultation). You will have recently received an email from us via KALC with this information.

KCC Waste Management would like to know your views on the charging proposal as part of an 8 week consultation, which is live between Thursday 6 September and Thursday 1 November 2018.

Visit [www.kent.gov.uk/wasteconsultation](http://www.kent.gov.uk/wasteconsultation) to view the documents and have your say.

Could we also ask for your support to promote the consultation please? I enclose 2 posters and some postcards and would be very grateful if you could display these, where appropriate, to encourage responses from local residents. We have a small supply of these promotional resources available, if you would like further copies please do not hesitate to contact us.

Yours faithfully

Hannah Allard  
Waste Business Development Team, KCC Waste Management
