### What's happening?

I am writing to advise that A-one+, on behalf of Highways England will be carrying out traffic signal improvements on the M2 at junction 7, Brenley Corner, including installation of a Toucan Crossing.

### Traffic Management

In order to carry out these works as efficiently and safely as possible, work will be carried out overnight, Monday to Friday, utilising various lane closures and closures to the east bridge deck quadrant around the Brenley Corner roundabout on the M2, junction 7. Please note this scheme will be carried out under two phases; phase one leading up to Christmas, and phase two to start in the new year, dates to be confirmed. A further communication will be issued in December 2019.
