

# Cleobury Mortimer Footpath Association

is a member of Shropshire Council's Parish Paths Partnership (P3) scheme. We have monthly work parties to maintain local Rights of Way. This includes footpath clearance and installation or repair of stiles, gates, bridges, fingerposts etc. We also encourage use of local footpaths by leading Sunday walks in and beyond our parish and produce a number of printed guides for walks in our glorious countryside.

For more information please visit our website: [www.cmfa.co.uk](http://www.cmfa.co.uk)

## Walkers are Welcome

Cleobury Mortimer joined this volunteer led national organisation of affiliated towns in 2010. This status is awarded to towns with well maintained, safe way-marked footpaths and who give a warm welcome to walkers in their accommodation, pubs, cafes, and shops.

## Build walking into your daily routine

Start gradually, set yourself small targets and goals and build slowly from there. Small changes can make a big difference. The most important thing is to make a start as any activity is better than none. To get the most benefit you need to do 30 minutes continuous moderate physical activity on at least 5 days of the week and any health benefits gained will be lost if you don't stay active.

## Walk 7: The Bayton Outing

**Length:** 6 miles (10kms)

**Time:** 3 hours

**Start:** Outside **St Mary's Church**, Cleobury Mortimer

**Walk Grade:** Energetic, several stiles, up and down several long hills.

St Bartholomews Church at Bayton: The church dates back to Norman times but has been heavily restored. The view from the churchyard is spectacular.

A walk to the south exploring the remote and spectacular countryside in the Valley of the River Rea on the way to the small village of Bayton

Walk prepared by Cleobury Mortimer Footpath Association

# Walk Directions

- 1 From the Church, cross the road using the crossing point opposite the Pharmacy.  
Turn left and then right down Lion Lane and through a kissing gate at the bottom
- 2 Go right, through gap in hedge and diagonally uphill to a stile into the next field.  
Go diagonally left uphill, over a stile then diagonally right over another stile. Continue in same direction over the brow and down to a gate in the bottom right hand corner.
- 3 Go through a gate and right along a track. In the next field, veer left to go diagonally uphill across a field past a large oak tree. At the top go over a stile into another field
- 4 Continue with the field boundary on your left. Go through a gate to spectacular views over the TEME VALLEY. Continue in the same direction downhill. Go through a gate and left to follow a track to REASIDE MANOR [a 16th/17th century building and amongst the oldest occupied in the parish. A gentleman's residence from 1650, it became a farmhouse in 19th Century. Possibly once monastic.]  
Please respect the privacy of the residents of this private house as you continue through the property and into a field
- 5 In the field beyond the manor, bear slightly right towards a shallow cutting leading into trees and over a stile. Follow the path along the dam of a pool and over a stile. Note: at the time of writing the dam has collapsed and the route meanders through the derelict pond.
- 6 Head diagonally left downhill to a footbridge and go over the River Rea. Head uphill on the same line over a stile and onto the bed of an OLD RAILWAY [The branch line from Bewdley to Tenbury Wells

ran through the area with stops at Cleobury and Neen Sollars. The line closed in 1964]

- 7 Go over the stile opposite and then head slightly left uphill past a group of three trees and in the same direction to the left corner of a wood. Follow the tree line to a stile, along the dam of a pool, then another stile into the SHAKENHURST ESTATE [The seat of the Meysey family since the 14th century. House dates from late 18th century. Now occupied by a plastics business]. Continue in same direction to the Estate road
- 8 Turn left along the estate road for half a mile to Bayton. (A short detour to BAYTON CHURCH is recommended). Turn left and then right at a fork. Where this lane bears right, go over a stile on your left.
- 9 Keep the hedge on your left downhill and back over the disused railway. Continue downhill and over a footbridge to a track. Turn left to follow this to the local beauty spot of LOWER FORGE [Site of Old Mawley Hall until 1735, then a 16th Century Ironworks until 1820s. In mid 19th century the house became a girls boarding school run by Nuns. House demolished in 1950s]. There is a mass of snowdrops here in season
- 10 Continue over the footbridge, uphill through a stableyard and eventually to a lane.  
Turn right and steeply downhill and where the lane goes sharp right go straight ahead and right shortly over a stile into a wooded area
- 11 Follow the path alongside the brook and uphill to another stile. Go uphill along a narrow field, and over a stile at the top. Continue in the same direction. The steeple of Cleobury Church should now be visible. Go through a gap with a seat to your left and a view over Cleobury. Go downhill to the kissing gate and uphill to the church.
