

## **RECONSIDERATION OF LIBRARY MATERIALS**

Requests for reconsideration of library materials must be submitted in writing to the Chesterfield Township Library using the appropriate form available on the library's website or at any of the library's service desks. The Library Director will present the complaint to the Chesterfield Township Library Challenge to Materials Committee to consider and evaluate.

Those wishing to appeal the decision of the committee can ask that the Chesterfield Township Library Board review the Committee's decision. Any such appeal must be presented in writing to the Library Board. The decision of the board is final and will be based upon careful review of the material in question, the objection itself and the Chesterfield Township Library's policies including: the Ethics Statement for Library Trustees, the Freedom to Read Statement of the American Library Association, the Freedom to View Statement of American Library Association, the Library Bill of Rights, and the Chesterfield Township Public Library Mission Statement.
