ABOUT LAMP HOUSE COFFEE

Lamp House Coffee is an outreach of Meridzo Ministries, established April 3, 2014. The vision for a coffee shop began in 2002. During those prayerful years God provided a building; mission teams to renovate it; restaurant equipment, furniture, lighting, an HVAC system, and coffee industry partners who provided supplies, support and training. In 2014 Eric and Sissy Rutherford answered God's call to manage the shop, with a simple vision to serve (literally) all who entered; and to always share the love of Christ - and His Gospel as opportunities allow.
