

Mil Gracias! We all had a trip of a lifetime at the Roundhouse with Dolores Huerta. Students witnessed the democratic process in action and experienced a historic day in our state. Both the House and Senate recognized our school and students heard passionate speeches from legislatures, especially Latina representatives, about the contributions Dolores continues to make for civil rights in America. Dolores asked us to promise her something; that all of us would commit to write a letter to the Chair of the Finance Committee and ask for funding for Chicano/a studies in New Mexico. Wendy
