MINTS TAG & TOPPER:

These first two are two sizes of a label to pack *inside* a tiny zip-top bag along with 2-4 mints.

And this last one (below) is a topper. Cut along the bottom, left, and right sides of the graphic, and then along the dotted line directly below, and fold in half and over the top of a tiny baggie with the mints inside.

Cut here for a 1½ -inch-wide topper:

TAG OPTIONS:

Print onto cardstock. Cut sides fairly close to the words; cut about 1¼ inches from the top word (as provided by the dotted lines) and then trim at angles to form a tag top. Punch hole at center-top for cord or narrow ribbon to hang tag from can. Cut close to the bottom of the bottom words or allow a little space below them for embellishments.
