- For new Vp's
- Prefer separate, fee free, account
- Sue has transferred unit funds to Marie but needs to close off the accounting With Michelle
- Chris to do the same for Charles
- Chris to send blank unit fund report to Marie and Charles

Face to Face Meeting-Pre bargaining

- Plan for sometime during the week of January 9
- Location TBD
- Bargaining suggestions-there is a form to collect bargaining suggestions on the new website
- New website to launch this month
- Suggest we announce in the next Bulletin the launch and the call for bargaining suggestions and tie the two together
- Also use the current email list from the most recent elections to email everyone at work and solicit logging in to the new website and submitting bargaining suggestions

Other Business

- YQX
 - CATCA removed non-op status from their members working in the schools
 - OTS would like a similar consideration
 - CATCA produced a FAQ document (see attached)
 - Students getting double time on Fridays? On training allowance is there overtime provisions?
 - Advantages of OTS being operational:
 - LIEU days
 - Paid lunch
 - May be an opportunity to clear up a few grievances with respect to evening shift work
- YYZ
 - People haven't really made a connection with the idea that CATCA school staff are now operational and therefore it hasn't been a topic of discussion
 - See this as an opportunity to perhaps tie together evenings, job descriptions and classification?
 - People won't want to be "operational" if it means losing their evening shift premium-unless that is somehow recognized
 - Many OTS seem unaware that by the CA they are day workers and that there is a cap on the evening shift premium
 - SID/STAR training for about 80% of control staff rolling out in February
- YWG
 - Haven't talked to OTS group recently, expect there will be concern over the new CATCA agreement
- YEG
 - Remind OTS that being operational may also include midnights and weekend work at regular pay with small premiums
 - Want recognition through classification for ATOS working single stand
- YVR
 - Echo's YEG
 - 3 new people in OTS group
 - 1 new qualification in ATOS
- YQM & YOW
 - Nominations close Friday

Next meeting
