Dear Mr Haydon

Thank you for your further letter dated 7th March outlining additional comments of the Aircraft Noise Action Group ('ANAG').

The Newcastle Airport Board ('the Board') and the senior leadership team of the Airport have discussed in detail the issue of aircraft noise in the Heddon on the Wall, Throckley and Clara Vale areas, including the views you have expressed. The Board is supportive of the steps we are taking and we will keep them updated.

I am pleased that a meeting has been arranged between ANAG and the Airport on Friday 20th April at 13:00. I understand that ANAG will be represented by yourself, Mr Larry Heslop and Mr Charlie Street. I can confirm that Airport will be represented by Graeme Mason, Planning and Corporate Affairs Director, Richard Knight, Operations Director (and Board member) and Helen Hughes, Environmental Advisor.

My team will ensure that all of the further points raised in your letter are covered at the meeting, together with other items from emails received from members of ANAG. They will also update you on current operations and the work we have been carrying out in consideration of respite routes.

We will continue a proactive dialogue with ANAG and others, with the aim minimising the impact of Airport operations on the local community.

Yours sincerely

Nick Jones
CHIEF EXECUTIVE
