

IMS 2017

International Mediterranean Survey Workshop

KU LEUVEN

3 & 4 November

Justus Lipsiuszaal in the Faculty of Arts (University of Leuven)
Blijde Inkomststraat 21, 3000 Leuven, Room lett. 08.16

Program

Friday 3/11

13:00-13:20 **Welcome + coffee**

13:20-13:30 **Opening**

Session 1: Reports on Ongoing and Planned Survey Research: Turkey and the Aegean

13:30-13:55 **Burcu Erciyas & Polina Ivanova**: Reconsidering Survey data from Komana in the light of oral historical records from recent past

13:55-14:20 **Ralf Becks & Ayca Polat Becks**: Şeref Höyük / Komama and Environs Survey Project

14:20-14:45 **Jeroen Poblome**: To do or not to do? Reflections on (constraining) potential of surveying the study region of ancient Sagalassos

15:45-15:10 **Bart Muys et al.**: Was the wood consumption of Roman Sagalassos sustainable?

15:10-15:35 **Ralf Vandam et al.**: The Dereköy Archaeological Survey Project (SW Turkey)

15:35-16:00 **Coffee**

16:00-16:25 **Angela Commito**: Experimental collection methods and preliminary results of urban survey at the Ionian city of Notion in western Turkey

16:25-16:50 **Mercourios Georgiadis et al.**: The Archaeological Project at Abdera and Xanthi (APAX): a preliminary report on methodology and results

16:50-17:15 **Florence Gaignerot-Driessen**: From Survey to Excavation: Preliminary Results of the Anavlochos Project (2015-2017)

17:15-17:40 **John Bintliff**: From polis to imperium: proto-capitalism and globalisation in Hellenistic to Roman Boeotia

17:40-18:05 **Vladimir Stissi**: Desperate noise or sparkles of hope? The Hyettos transects and sites

19:00 **Social Dinner**

Saturday 4/11

8:30-9:00 **Coffee**

Session 2: Reports on Ongoing and Planned Survey Research: Balkan and Western Europe

9:00-9:25 **Michael Galaty**: The Projekti Arkeologjik i Shkodrës (PASH), Northern Albania

9:50-10:15 **Helena Tomas**: Cetina Valley Survey in southern Croatia

10:15-10:40 **Katarina Gerometta & Robert Matijašić**: Preliminary LiDAR observations on the Vrsar (Istria, Croatia) survey

10:40-11:05 **Maria Luisa Marchi et al.**: Archaeological surveys in the Ager Lucerinus, multidisciplinary approaches for the reconstruction of the ancient settlement patterns: Remote Sensing and geophysical applications

11:05-11:30 **Coffee**

11:30-11:55 **Jesús García Sanchez & Cristina Charro Lobato**: Introducing Sentinel 2 multi-spectral imagery in the planning of an archaeological field survey (Italy)

11:55-12:20 **Gunter Schörner**: Differing conditions, differing methods and differing places: Surveying Northern Inland Etruria

12:20-12:45 **Johannes Bergemann**: Gela – Agrigento – Kamarina: Comparing Sicilian Surveys

12:45-13:10 **Maxime Scrinzi**: The Mas Desports : an antique and medieval port in Little Camargue (France)

13:10-14:15 **Lunch**

14:15-14:40 **José M. Costa-García et al.**: Following the Roman army's footsteps in NW Iberia

14:40-15:05 **Martina Parini**: In search of Early Roman colonists in a territory without cities

15:05-15:30 **Coffee**

Session 3: Best Practice in Survey Material Study and Data Processing

15:30-15:55 **Francesca Disono**: Common matters. Handling large numbers of materials from a survey in mountain interior Italy

15:55-16:20 **Martijn van Leusen & Andrea Vianello**: Classifying undiagnostic pottery by clay batch: a pilot study

16:20-16:45 **Fieke Vissers et al.**: The estimation of ancient urban population numbers accounting for different levels of accuracy, precision, and semantics of primary data sources: A case study on Southern Mesopotamia

16:45-17:10 **Sam Cleymans et al.**: Carrying capacity: a superseded concept or a window of opportunities?

17:10-17:35 **Martijn van Leusen et al.**: Describe Your Data: improving survey data description for exchange

17:35-18:00 **Final discussion**

Organizing committee: Ralf Vandam (ralf.vandam@kuleuven.be)
Jeroen Poblome (jeroen.poblome@kuleuven.be)
