BENEFIT from a Volunteer-Driven Screening Process – Volunteers do it all themselves, and all online.

ACHIEVE Cost Savings – Volunteers can pay for a portion or all of their background check, or contribute toward the cost of their check.

PROMOTE Volunteerism with the Fast-Pass – For a small fee (volunteer-paid), your volunteers can own their background checks and can reuse them with other organizations. Even better, existing Verified Volunteers with the Fast-Pass can find you and your organization on our platform. It's onboarding made easier!

GET THE HIGHEST QUALITY SCREENS QUICKLY – Thanks to a sophisticated suite of criminal locator tools, Verified Volunteers' background checks are the most accurate you can get and are fully compliant with the FCRA and state laws. After an order is placed, checks are returned to you in two days or less, and they are updated every 30 days so you always have the most up-to-date information.

→ Working Together

The TRS and Verified Volunteers integration means you can move seamlessly within your system to communicate with and manage your volunteers – from the very beginning (recruiting) to the very end (impact) and everything in between (screening).

BECAUSE background screening results will automatically flow from the Verified Volunteers platform into your TRS system, you'll increase efficiency and save the time associated with manual data entry.

ALL personally identifiable information (PII) will be entered directly into Verified Volunteers' highly secure platform. You won't have to work with the information at all, meaning no more worries regarding data security.

YOU'LL ATTRACT volunteers with the right skills and attributes for your event.

YOU'LL ONBOARD only those that you can trust – and you'll know which volunteers should work with vulnerable populations like children or the handicapped and which should not.

Verified Volunteers Difference

The Highest Quality Screens Around

Not all background checks are created equal — quality and consistency vary widely. Verified Volunteers uses a sophisticated suite of national, state, and local criminal locator tools to deliver the most accurate information available.

Built-in Compliance

Worried about compliance? Verified Volunteers is the expert in local, state, and federal legislation – so you don't have to be. Verified Volunteers background checks are housed in a completely secure environment and are fully FCRA compliant.

Monthly Updates and Alerts

Volunteer information is updated for you free of charge each month for the first year so you have the added security of monitoring your volunteers for new criminal records.

A Volunteer-Driven Screening Process

Verified Volunteers takes the burden off of you by putting volunteers in charge of their own screening. They order their check online and they can own and control a copy of their background check in secure volunteer accounts and profiles.

The Volunteer-Fast Pass: A Portable Background Check

Verified Volunteers has created the Volunteer Fast-Pass, which lets vetted volunteers share their existing background checks with your organization at no cost to you. You can also earn rebates when a background check you originally paid for is shared.

Flexible Payment Options and Contributions

With Verified Volunteers, you can have the volunteer pay for none, all, or some of their background check. The choice is yours!
