PREPARING YOUR ITEMS

All consignors prepare and tag their items the same way so that the sale is an organized, easy-to-shop consignment sale. See "How to Prepare Items" on our webpage for additional details!

Hang and Package Your Items

- All clothing should be on hangers with the hook facing left (see picture).
- Pants are pinned to the top of the hanger using 2 pins. Each pin passes through the front and back of the pants and through the hanger. Or, use a secure pants hanger.
- When hanging an outfit, hang the shirt and then safety pin the top of the pants to the shoulders of the shirt (grasp the hanger with the safety pin too).
- Use packaging tape, Ziploc bags, clear plastic containers, etc. to group items such as toys and shoes securely. Attach the tag securely with tape at top of tag only.
- Do the shake test and confirm that the items and tags are secure!

Pricing

- The minimum price is \$2.00. Use 50 cent increments only (2.50 etc.). Pair up outfits, sets, or like items to reach the minimum. Items must be the same size (or fit same & note on tag)
- Items with no price and/or consignor number will not be sold.
- Competitively price your items to sell. 25-30% of retail is a good starting point.
 - Smaller sizes sell for less while toddler or larger sizes tend to sell for more

CREATE YOUR TAGS

- Tagging system closes September 3rd at 11:59pm!
- Enter all information and select whether to discount and/or donate the item.
- Ensure description is accurate and complete in the event the tag and item are separated (this will help us match them up as we cannot sell items without tags).
- Use white cardstock only! Print with BEST quality.
- Tape top portion of the tag to plastic bags & other packaging only (tags are cut and retained to ensure payment).
- Affix tags using a fine tooth tagging gun (with 3/4 inch or one inch barbs and must affix at the seams, neckband etc. to not make a hole) or safety pin; use painters tape to secure to delicate items like books or packaging tape to secure to plastic bags
