Basic Level - Expectations	Additional Movements
Horse is calm, obedient, maintains a consistent outline; moves freely forward in a clear rhythm with a steady tempo; transitions are smooth and balanced; accepts a light contact and yields to the rider. The horse's nose may be slightly in front of the vertical and the poll must not be lower than the withers in working paces. Rider is confident, maintains a steady position and demonstrates the ability to control and connect with the horse using correct aids and light contact with the reins. Horse and rider cooperate and appear to have a reasonable understanding of each other so that the execution of movements is more accurate. All jog may be ridden sitting or rising.	Working lope Walk and jog 10m circles Leg Yield in working jog Counter-bend/flexion Backup Progressive transitions
