

## MESSAGE FROM THE CHAIRPERSON

Thank you for electing me as your chairperson. I would also like to take this opportunity to thank Prof Gous for all his hard work in establishing SASOCP and leading us to this point, he now acts as our ex-officio President.

This year, we strive to reach out to all members of SASOCP, learn more about each other and your clinical practice and have more of our respective activities reflected on our new website. We need your participation though. From the vast expanses of South Africa over the planes and across the fields, over the mountains and from the coast. SASOCP Needs You! We would like you to participate in this exciting move forward, so please contact us. We look forward to hearing from you and to seeing you at our different branches and at our next annual conference. Our SASOCP branch in PE have bravely volunteered to be our host for the SASOCP conference in 2016.

Our aims for the season to come, includes setting up guidelines, workshops and information sessions. All towards assisting our members to align themselves with the proposed specialisation criteria gazetted by pharmacy council.

If you are visiting our website for the first time, please look around to become better acquainted with our community, and to determine where you can partake in our activities.

If there isn't a branch in your nearby vicinity, no problem, we will assist you in setting up one. Drop us an email and we will help you.

Together we can take clinical pharmacy forward and make a difference to the patients in South Africa.

Kind regards

Natalie
