

Easily Access Your Student's Information From any Computer or Device...

Riddle School District's new *Tyler SIS Parent Portal* gives parents/guardians the option to easily access many aspects of their student's school information and records.

To participate, please fill out the requested information below for each student whose information you would like to have access to in the *Parent Portal* and return this form to your student's school office. After the office has logged the information into the system, you will receive an email with your User ID and password. The school office does not have access to your username and/or password. The only way to gain access to the *Parent Portal* is by providing us with the information and authorization below.
