

# YNZ – Y Not Z Generation Movement©

**Our Mission Statement:** *Amplify the trajectory of a community one person at a time!©*

**Our Vision:** We help people, primarily those born in 1995 and after, to create their vision of a fulfilling life by focusing on the best modern education options, career, social and networking skills, and financial planning choices. YNZ – Y Not Z Generation Movement is here to promote community prosperity by avoiding career and financial mistakes made by Baby Boomers, the X-Generation, and older Millennials.

All the attention is pointed to older Generation Y (Millennials) and Baby Boomers. Not much is being yet said about the youngest Millennials and Generation Z. You, Generation Z, are truly the ones who will create a different world unless you choose to procrastinate and not build your life purpose and career NOW. And Why Not Now? If your answer is, "I am too young!" - Wake up! You don't want to be too late. You can and will be lost in all the noise created by technology.
