

FURNISHING

EST.  2016

A FUTURE

BUILDING CAREERS & FURNITURE

A Vocational Training Program that provides returning citizens with the skills necessary to immediately enter the fine carpentry or ready-to-assemble fields – earning a living wage.

5-week program – meets daily from 10-4

Fully equipped professional woodshop

Coursework and hands-on projects developed jointly with area employers

www.furnishingafuture.org

Develop the skills necessary for this field:

- Academic – practical ‘ruler math’, reading schematics and construction instructions
- Vocational – dexterity with power and hand tools; joinery, assembly and finishing techniques
- Job Readiness – punctuality, teamwork, resiliency, interaction with supervisors

Looking for Candidates:

- Ready to make a professional commitment to immediate employment
(*our graduates to date have all received job offers after completion*)
- Physically able to work in a shop for a full day
- Willing to work with power and hand tools (no skill level is necessary)
- Reading comprehension level to read project instructions
- Math foundation in arithmetic functions and basic knowledge of fractions

Job Opportunities:

- * Furniture craftsman
- * Finish Carpenter
- * Home Repair/remodeler
