

# PAD A CHEEK<sup>®</sup>

## Anti-Leak Strap

**Do not use on the Quattro Air,  
Air Fit F10, Mirage FX, or any  
mask that vents near the hose connection**

- Gently pull the hose off of the hose coupling at the mask. Slide the hole in the **Anti-Leak Strap** over the elbow coupling and slide it down flush to the mask.

**Do not cover any of the exhaust holes.**

- Wrap the strap around your head and attach the ends together.
- There is a long piece of Velcro in the back you can uncover if you wish to secure the strap to your headgear.

This **PAD A CHEEK<sup>®</sup> Anti-Leak Strap** is made from 100% polyester micro fiber. It can be machine or hand washed with warm soapy water and air or machine (low heat) dryable.
