

Welcome home

Bahrain's Very Own Real Estate Reality Show

It is the time of thanking and JEO Productions, producers of Bahrain's first real estate show; Deals in the Desert, is doing just that by asking Arabian Homes to publish their list of all the most important people they have worked with in 2015.

Happy New Year! Have you heard yet about Bahrain's first upcoming real estate television show?

Yes, that's right, Deals in the Desert Season One was shot last fall/winter 2015 in Bahrain, and has recently completed the post-production phase and was sent to the many broadcasters interested in airing this exciting production! Here is a sneak peek of what you can expect to see in the show.

How can a high-quality and engaging reality television show be shot locally? With a great mix of a production house used to shooting quality productions on a variety of budgets (JEO Productions), a talented local crew, and lots of assistance from sponsors interested in supporting local productions that will reach an international market! This show will not only highlight Bahrain as a dynamic hub for business, but also as a warm culture that welcomes all to enjoy this exciting mix of modern and Arab culture found on this island!

Thank You to Our Sponsors! *Y.K. Almoayyed & Sons*

Y.K. Almoayyed & Sons is a diversified business group based in the Kingdom of Bahrain that consists of Y.K. Almoayyed & Sons, Ashrafs, Almoayyed Contracting Group, National Concrete Co. and Almoayyed Properties. We wish to thank Mrs. Mona Almoayyed and this incredible business group for their support of Deals in the Desert Season One.

Look forward to the stunning Almoayyed Tower in Seef, as well as the Mirage Villas Compound in Saar showcasing the quality properties in Bahrain. Almoayyed Furnishing was mentioned as a great option to furnish your entire property! And we were able to highlight the Ford Showroom expert sales team, as well as Lincoln MPX and Nissan Patrol cars being driven by the cast.

Dr. Rana's Aesthetic Health Centre

Dr Rana's Aesthetic Health Centre is a modern state-of-the-art cosmetic and laser centre, covering a wide range of non-invasive evidence based aesthetic procedures with little and no downtime with advanced technology and high quality CE and FDA approved products and equipments. Besides being fully equipped with the latest technology and treatments in this field, the centre is manned with the most experienced and highly trained medical staff. Lead by Dr. Rana Al Ammadi, a medical consultant in the field of Family Medicine, Sports Medicine and Aesthetic Medicine, we wish to thank Dr. Rana for her support of the television show. She saw our vision, understood the power of media to best showcase her country. Thank you!

Arabian Homes Magazine

Yes, if you have not guessed by now, **Arabian Homes of Maxmedia Company** saw the promise of a real estate television show, and has sponsored the first season! You can catch glimpses of Arabian Homes throughout the season, for as you know, it is a must read for all in the industry! Catch a look of it as reference material on the agent's desks, you know we have all the pertinent information necessary for you to understand the Bahrain market!

Domain Hotel & Spa

Uncomplicated but profound in its offering, **The Domain Hotel and Spa** removes the barriers of a traditional hotel and focuses on combining comfort and luxury in a seamless blend. Many thanks to Domain for assisting us in many incredible backdrops for the series; be it the Cigar Lounge, its hotel rooms or the Domain Prive!

Designed by House of Infinity Founder and Managing Director, Steven Hemphill, we were overwhelmed by the immense beauty found within the Domain Hotel & Spa. We also had the pleasure of working with Steven for two shoot days, where we got a glimpse of his powerful designs throughout the Middle East, and his design aesthetic for the Domain. Steven Hemphill's forte is palaces, palatial residences, residential resorts, embassies, boutique hotels and multi-use complexes.

Steven Hemphill, founder of The House of Infinity Ltd., has an eclectic and diverse knowledge of the design industry that spans twenty years. Over the past 15 years, under the patronage of Sheikh's Sulaiman & Essam Al Muhaidib, Steven has carved a niche for himself in the Middle East. He has had the honour to design the interiors for such noteworthy spaces as a 103-room historical building in Rome – once the residence of Burlini; many high-end projects in Saudi Arabia and Europe and the palace for HRH Princess Sara Bint Talal bin Abdul Aziz Al Saud in Riyadh.

◆ Domain Hotel is House of Infinity's first Boutique Hotel. With "Stay Work Play" as the hotel's slogan, representing the blur between business and leisure in the guests' lives.

"Our solution was to design a modern, contemporary feel Concept based on a club /hotel offering entertainment/social/ F&B spaces unique to Bahrain - stylish, high-end suitable to both business and leisure." – Steven Hemphill

How does the hotel bring to its feel the unique lifestyle in Bahrain?

"The hotel itself accomplishes this with its modern, contemporary, artistic feel, utilising indirect lighting creating a soft reflective warm ambiance. Although geometric lines and simple shapes predominate the hotel, these are enhanced by a carefully thought out range of colours and textures. Whilst the design incorporates an Arabic touch it deflects from heavy classical detailing. From our beveled and engraved mirrors in the lobby to the exquisite door features within Le Domain which play with the "Art Nouveau" movement to create a current and fresh look.

Accents and elements sympathetic to the island were requested by the client to connect to the rich tapestry that makes up Bahrain. Luxurious gold is presented in a contemporary setting with the higher power and healing energy of opulent rich purple, being our signature highlight. You can clearly see this throughout the hotel within our finishes such as fabric, carpets, wall panels, lighting shades etc.

Three-dimensional geometric shapes are consistent and are visually linked from the reception desk to the Txoko column cladding and lighting, features etc. The designs on show are what "today's" take on what ambience and surroundings should and will be in Manama and Bahrain."

JEO learned so much during this production, about design aesthetic, the real estate industry in Bahrain, and are pleased to announce they have completed post-production on the project. Stay tuned throughout this month to see some beautiful promotional videos and television commercials highlighting the different services from the sponsors to be released. You can view these videos on www.youtube.com/jeopro
