

COVID-19: Camp Colorado Leadership Teams Weigh Options

The district and camp leadership teams are closely monitoring the status of COVID-19. We are hoping that we can proceed with the camps as scheduled, but we are waiting until May 11th to make final decisions. Up-to-the-date information will be posted at www.campcolorado.org. We are taking the situation very seriously and want to ensure the safety of all campers and staff. We encourage you to still register for camp but wait until after the decision to hold camp is made to make your payment.

Bring-a-Friend Incentive for 2020 Camps

Bring a friend or friends who have never been to camp and you will receive a Camp Colorado sweatshirt! In addition, each camper (past camper and new camper) will receive \$10 off of their camp fee.

Name your friend on your registration (new camper or past camper) and make your check out for \$10 less or look in your confirmation e-mail for an incentive code to use when paying online. You can claim your Camp Colorado sweatshirt by notifying your director when you arrive at camp.

Camp Registration Cost Increase

The cost of bringing our quality staff to Camp Colorado has increased. Please consider making an additional donation to help offset these costs. The cost of State of Colorado licensing requirements for our outstanding volunteer staff has increased. These costs are approximately \$85 per volunteer.

The melt is on at Camp Colorado!

Online Store Coming Soon

Camp apparel will soon be available online! Watch your inbox and www.campcolorado.org for updates.

Maintenance and Improvements to Camp Planned for 2020

Depending on the impact of COVID-19 on volunteer availability, friends of Camp will target the following projects for the 2020 season. Watch www.campcolorado.org for announcements regarding workcamp weekend, currently penciled in for May 22-25th.

2020 Project Goals Include:

- Begin work on basketball court
- Refurbish volleyball court
- Lodge Roof Replacement
