

Here are some typical duties a CHR might perform:

- **Visiting clients in the home and referring people in need of care to the proper facility.**
- **Explaining the available health programs, the health policies and procedures that the community members must abide by when seeking health care.**
- **Organize community health promotion and disease prevention events and facilitate the learning. The events can include:**
 - **Immunizations**
 - **Well Baby Clinics**
 - **Safety in the home**
 - **Use of medical equipment and supplies**
 - **Medication/Drug storage**
 - **Proper sanitation and maintenance of the community/ personal buildings and grounds**
- **Educate people of the health hazards of behaviors such as:**
 - **Alcohol use**
 - **Cigarette smoking**
 - **Poor eating habits**
 - **Poor hygiene**
- **Offer transportation to health promotion facilities for those in need**
- **Enter diagnostic patient specific data into official patient medical record through the use of the CHR component of the RPMS (resource and patient management system)**
- **Arrange for police/ambulance transport in accident or emergency situations**
