

COMPPÅ Symposium on Membrane Protein Production and Analysis

Topics will include production, structure determination, functional analysis and engineering of integral membrane proteins

17-19 June 2018

Roy and Diana Vagelos Education Center
Columbia University Medical Center, New York

Confirmed speakers:

Radu Aricescu
MRC Laboratory of Molecular Biology

Karen Fleming
Johns Hopkins University

Eduardo Perozo
University of Chicago

Susan Buchanan
National Institutes of Health

Tony Kossiakoff
University of Chicago

Andreas Plückthun
University of Zurich

Martin Caffrey
Trinity College Dublin

Werner Kühlbrandt
Max Planck Institute-Frankfurt

Irina Serysheva
UT-Houston Medical School

Erhu Cao
University of Utah

Kaspar Locher
ETH Zurich

Randy Stockbridge
University of Michigan

Liz Carpenter
University of Oxford

Chris Miller
Brandeis University

Nieng Yan
Princeton University

Bil Clemons
Caltech

Dan Minor
UCSF

Shigeyuki Yokoyama
RIKEN-Yokohama

Lucy Forrest
National Institutes of Health

Crina Nimigean
Weill Cornell Medical College

Ming Zhou
Baylor College of Medicine

Poul Nissen
Aarhus University

Online registration and
abstract submission:

www.comppaa.org

Deadline 1 May 2018

Participation fees

\$190 Student

\$260 Academic

\$520 Industry

Center on Membrane Protein Production and Analysis

New York Structural Biology Center
