August 15th, 2016

Dear Neighbor,

After another very successful Spring Festival & Craft Fair at our farm in April, we have decided to have another event that celebrates the harvest season. This will be an opportunity for us all to market to the greater community, sell our goods of the season (and perhaps crafts for the upcoming holiday season), network with one another- and enjoy a lovely Pacific Northwest Fall Day!

As with the last event, we'd also like to emphasize the opportunity to let the public know about the goods and services you might have in the works for the following Spring. It's never too late to develop a customer base!

Mark your calendars for-

2016 Harvest Festival & Craft Fair
Saturday, October 1st, 2016 10am-3pm

In addition to kid friendly activities, we will also have live music provided by Haley Ukulele!

This will be an outdoor event- setting up tables in our orchard. We will provide restroom facilities and refreshments for vendors for a nominal purchase price. Vendors and artisans will supply any tables, chairs, and top cover tents they may need.

Please join with us in making this event a fun opportunity for the community and a positive step in working together in order to support our respective ventures.

In order to secure a space, please enclose your registration form along with a **\$25 fee by September 10th**. Each Festival has been bigger than the last. Please join us in building this fun, family-friendly opportunity for our community! We look forward to hearing from you and working together!

Warm Regards,

Adam and Julie Gullett
