

FEAR THE WALKING DEAD

FILE SHARING STATISTICS

A steadily shrinking fan base - will this trend be reversed with the final episodes of Season 3?

SEASON 3

33,302,682

Since the first episode of "Fear the Walking Dead" aired on September 22, 2015, a total of 33.3 million P2P users downloaded and shared files of the popular series up to September 14, 2017.

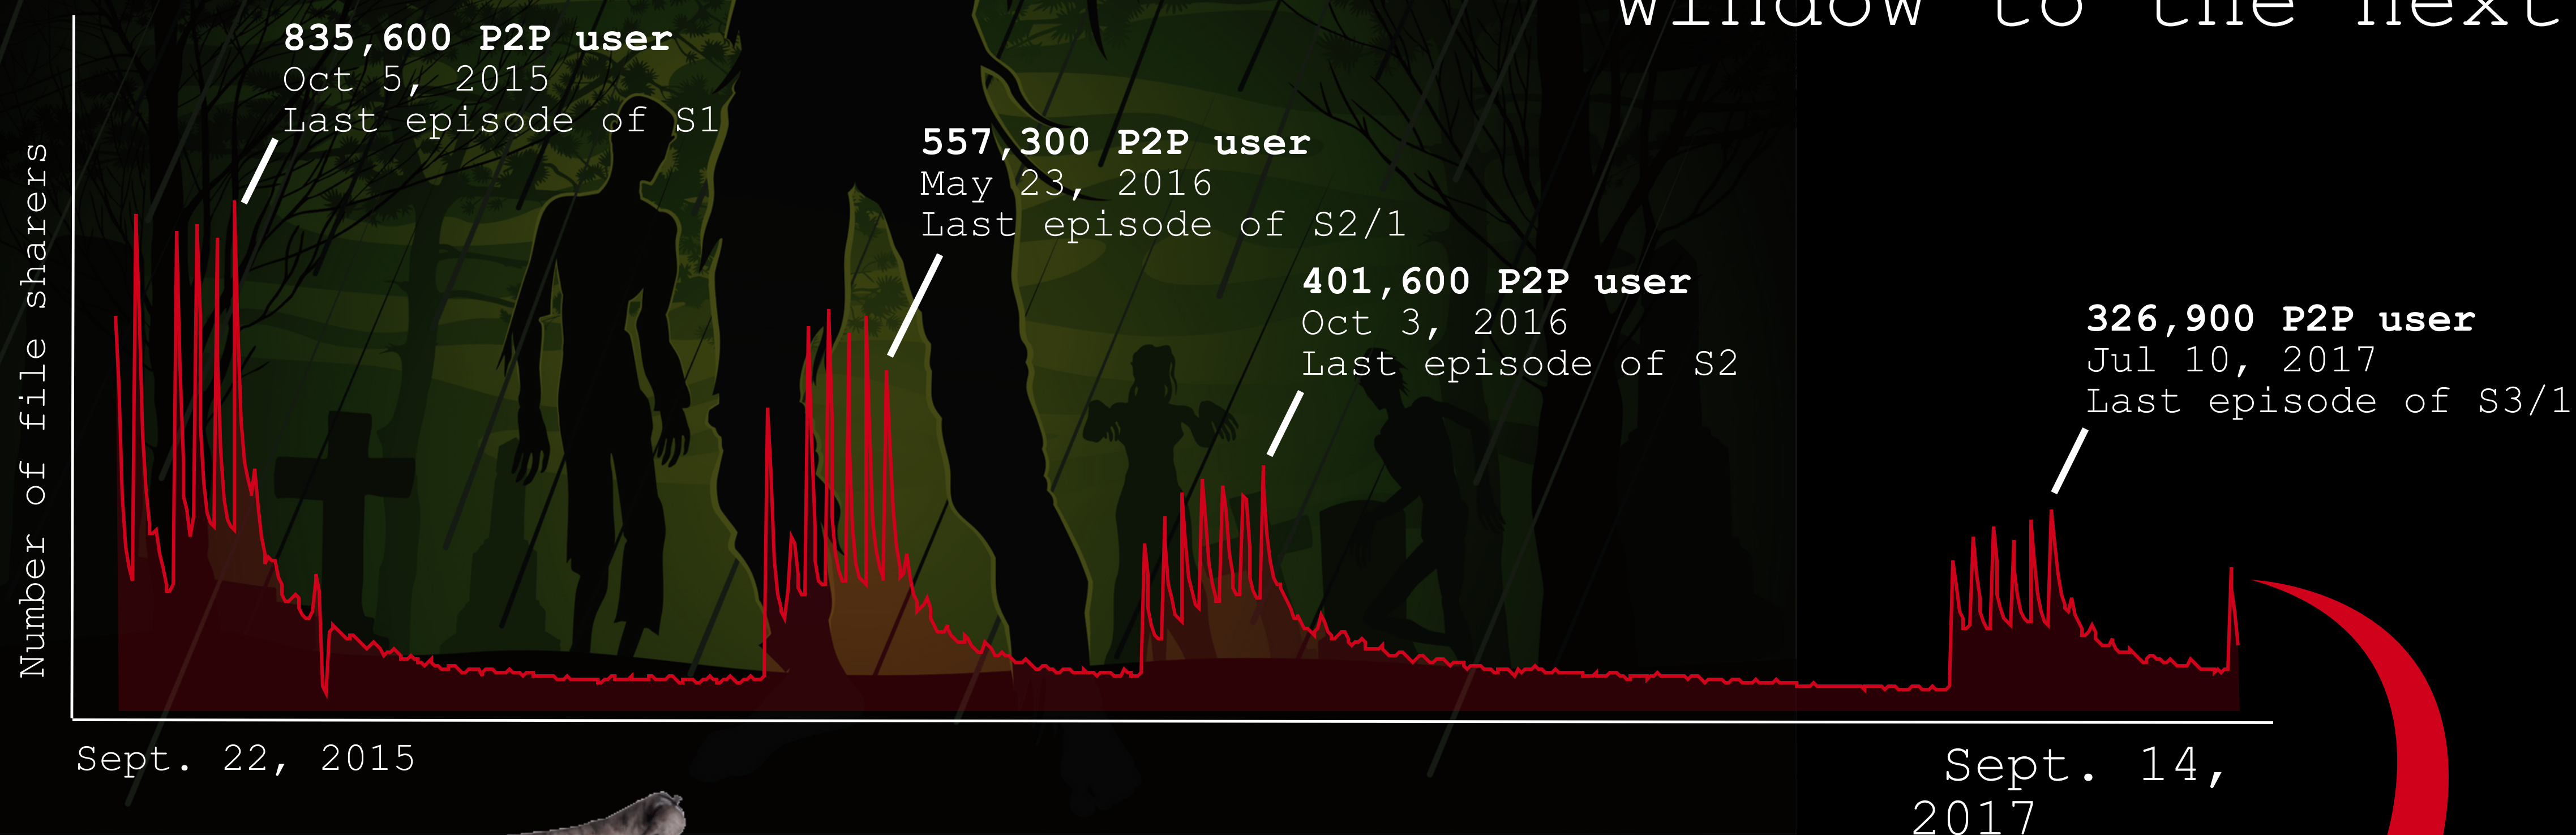

A POPULAR SERIES, BUT...

Within a time span of nearly two years and several release windows, the number of FTWD fans in P2P networks is lower than the 39.12 million fans who were active during Season 7 release window of "The Walking Dead".

Countries with the highest number of fans:

Significantly declining numbers from one release window to the next

S3/2: 231,900 file sharers on Sep 12, 2017
