

IAAI Motor Vehicle Fire Investigation Course

NSWAFI is pleased to offer the 3 day IAAI MVFI course for the first time outside the USA. This course consists of 24 hours of tested instruction in determining origin and cause of motor vehicle fires and culminates in an investigation of a live burn vehicle fire scenario. Based on Chapter 27 of NFPA 921, topics include vehicle investigation safety, fuel packages, ignition sources, and vehicle systems and identification. Included in the instruction is a live electrical demonstration showing how fuses, fusible links and relays work, as well as real time failures such as overloads and shorts. Utilising the team concept, students will have the opportunity to investigate a live burn, construct a report, and present their findings to the class. This course satisfies the requirement of the IAAI Motor Vehicle Fire Credential Endorsement program.

DATE: 22-24 October 2019 (08:00-16:00)

LOCATION: Emergency Services Academy, Orchard Hills (22 & 23/10/19)
and FIRU Research Facility Londonderry (24/10/19)

INSTRUCTORS: Chris Ellis, IAAI-CFI, IAAI-CI and
Joseph Herzberg, IAAI-FIT, IAAI-CI

COST: IAAI Member: \$545 USD (~\$800 AUD)
Non-member: \$815 USD (~\$1195 AUD)

Registrations are completed via the IAAI website – [click here to register](#). To join the IAAI (\$100 USD), complete an application on the IAAI website – [click here to join](#).
