

The German Coast Farmers' Market

Sincerely thanks you for the

generous grant gift of \$500.

It will be used to bring local talent to our market. Because of your generous gesture, our market will continue to thrive.

As our parish subsidy decreases, we rely more + more on grants to continue to bring quality experiences

to people of St. Charles Parish + surrounding

The **German Coast Farmer's Market** was founded in May of 2004. A non-profit organization established to encourage farmers and small vendors to reach the public directly with produce and home-grown products and serve as a community gathering place in St. Charles Parish, Louisiana. The purchase of these cards will help our market grow.
