"A Peak Down Memory Lane"

Presentations & Refreshments

A Portfolio is...

... a collection of a student's best artwork. It helps the student evaluate his/her achievements and potential, while also providing an opportunity to "show off" his/her best pieces. Through discussion and presentation, the young artist is given the chance to open the window to his/her soul.

The Objective...

...of the portfolio is to force a student to maintain a high level of production, completing 3 - 6 successful portfolio pieces each semester. The student is expected to critique his/her work and to demonstrate knowledge of the elements of art and the principles of design, as well as the mastery of techniques and use of various media.

RE: Thank You

Dear RRAHC Board Members:

Enclosed is a copy the seniors' portfolio program. Please take a second to glance over it at your convenience and note that you were acknowledged on the back page.

Destrehan's Talented Art program is more efficacious because of the donations, in-kind services, and support of family, friends, and vendors like you. Thanks for you generosity.

Sincerely,

Robert Fisher
Talented Art Teacher
