

Elementary and Middle School Gifted Students

BVPAGE invites you to a
Q&A Panel by Gifted Students for Gifted Students

**“Don’t Ask Alexa, Siri, or Google -
Ask ME!!”**

Students and Parents -- Come and join us for a fun, eye opening, and upbeat evening to talk with other students about being gifted. You will hear from Blue Valley high school students who will share stories and advice about growing up gifted.

Thursday April 19, 2018

7:00pm - 8:30pm

Hilltop Campus Conference Center

7700 W 143rd St, Overland Park, KS 66223

Along with answering YOUR questions, these young adults will discuss real experiences about fitting in, finding and keeping friends, places where they shine, times when they have hidden their abilities, parent and school expectations, and most importantly, finding balance and happiness.

Come find out what advice our high schoolers would give their elementary/middle school selves and what they wished their parents knew 10 years ago!
