

SIEMENS

How to change your digital tachograph
to GMT

From the main display press the 'OK' button

When in the menu press '▲' until you reach 'entry vehicle'

When the screen displays 'entry vehicle' select 'OK'

From here go press '▲' until you see 'vehicle local time'

Select 'OK' to change the local time

The time changes in 30 minute intervals so press '▼' twice.

When you have the correct time select 'OK'

Press 'OK' when it has confirmed the entry has been stored

Press the '←' button to leave the 'vehicle entry' menu

Press the “←” button to leave the main menu

Press 'OK' if you wish to leave the main menu

The Local Time has now been changed
