

# THE SECRET GARDEN

MIX UP PASTEL SHADES, LACE AND GOLD FOR A LOOK THAT WILL NEVER DATE

For a wedding day that's *all* about the romance, this beautiful shoot has it nailed. We love the combination of soft pink and pale blue hues with touches of gold, lace textures and overflowing flowers. Stylist, Amy Hatch, wanted to capture a pretty vintage feel, but with a contemporary edge: "For me, vintage doesn't have to be rustic or mismatched, it can be elegant, romantic, luxurious and classic. I like to use authentic vintage décor in my work and mix in modern touches to create a fresh look." 

*Hire a vintage dresser to display your cake and sweet treats, for a whimsical, luxe look*
