

3-Day Integrated Sustainable Waste Management Training of Trainers

Time	MODULE 1: WASTE AND ITS IMPACTS
Day 1	
9:00 – 9:20	Welcome and Introduction
9:20 – 10:30	Topic 1: The Sources of Waste - Production and Consumption Discussion
10:30 – 10:45	<i>Coffee Break</i>
10:45 – 12:15	Topic 2: What is Waste – Classification and Characterization <ul style="list-style-type: none"> • Characteristics of Waste • Classifications of Waste • Assessing one’s own waste generation (practical exercise)
12:15 – 13:15	<i>Lunch Break</i>
13:15 –14:00	Presentation of practical exercise (Topic 2): Assessing one’s own waste generation
14:00 – 15:30	Topic 3: Tools to use to involve communities in understanding waste characteristics, classifications and sources of generation (ToT Development and Knowledge Transfer Techniques) Discussion and practical tools
15:30 – 15:45	<i>Coffee Break</i>
15:45 – 16:45	Topic 4: Waste and Us – The influence of Waste on Urban Development, Environment, Climate, Health and Food. Discussion and practical tools
16:45 – 17:15	Wrap-up for the day: Discussion and close

Time	MODULE 2: THE MANAGEMENT OPTIONS FOR WASTE – AN OVERVIEW
Day 2	
09:00 – 09:40	Topic 1: Generation and Initial Storage

Time	MODULE 2: THE MANAGEMENT OPTIONS FOR WASTE – AN OVERVIEW
	Discuss and short exercise
	Ice-Break
09:45 – 10:25	Topic 2: Collection, Transportation and Transfer Discussion and a short exercise
10:25 – 10:40	<i>Coffee Break</i>
10:40 – 11:20	Topic 3: Recovery and Recycling Discuss and short exercise
	Ice Break
11:20 – 12:00	Topic 4: Disposal Discuss and short exercise
12:00 – 13:00	<i>Lunch Break</i>
13:00 – 14:00	Topic 5: Tools to use for communities to map management options applied in their community (ToT Development and Knowledge Transfer Techniques) Video and short exercise
14:00 – 14:15	<i>Coffee Break</i>
14:15 – 16:00	Topic 6: Assessing one's own waste management Practical exercise – individual and group assignments
16:00 – 16:15	<i>Coffee Break</i>
16:15 – 17:00	Presentation of practical exercise (topic 6): Assessing one's own waste management Presentation and discussion
17:00 – 17:20	Wrap-up for the day: Discussion and close

Time	MODULE 3: INTEGRATED SUSTAINABLE WASTE MANAGEMENT
Day 3	
09:00 – 09:40	Topic 1: Common Reasons Why Waste Management Systems Fail Discussion and case study
	<i>Ice break</i>
09:40 – 10:20	Topic 2: One-Dimensional Versus Multi-Dimensional Management Approach (what makes management of waste sustainable) Discussion and case study
10:20 – 10:40	<i>Coffee Break</i>
10:40 – 11:20	Topic 2: Actors and stakeholders in Solid Waste Management Discussion and video / exercise
11:20 – 12:00	Topic 3: Assessing actors in one's own waste management system (class room exercise) Practical exercise – individual and group assignments
12:00 – 14:00	<i>Lunch Break + Time for exercise</i>
14:00 – 15:00	Presentation of practical exercise (Topic 3) Assessing actors in one's own waste management system

Time	MODULE 3: INTEGRATED SUSTAINABLE WASTE MANAGEMENT
	Presentation and discussion
15:00 – 15:15	<i>Coffee Break</i>
15:15 – 16:00	Topic 4: Tools to use for communities to map stakeholders in their community (ToT Development and Knowledge Transfer Techniques)
16:00 – 16:30	<i>Assessment Exercise</i>
16:30 – 17:00	Wrap-up for the day and training (Feedback and close)
