

How to utilise your NDIS funding to book our service

John De Giusti's Australian based company is Ability Focused PTY Limited. We are a NSW based NDIS provider, our NDIA registration group is Innovative Community Participation. If the NDIA are managing your supports, our NDIS Provider Registration Number is 4050005243. If you are Self Managing or Plan Managing with the NDIS, just hire John as your Support Worker through his company Ability Focused PTY Limited.

John resides in Fiji from April-November, so you only pay for utilising John as a Support Worker. John pays for his own accommodation, meals and flights as well as the Fijian Support Staff that will assist him and your child during your stay.

How much does it cost to hire John as your Fijian Support Worker if you are holidaying with your child?

John's fee for families who are holidaying in Fiji with their child is AU \$40.00 per hour. Minimum hours per day is 9 hours. If a family has more than one child with specialist support needs, John's hourly fee is AU\$35.00 per child. Included in this fee is an additional Fijian Support Worker to assist John.

"Hi John (and Vee), Thank you for your support to give us such an amazing holiday. You are both very special people and we feel so lucky to have been able to share our time with you, and also felt emotional leaving. You were able to give our family a holiday just like regular families can, and this means so much to us. We had a wonderful time and our kids thrived"

What makes our tours Special

Our Tours are for the adventurous, independent and physically fit participant. Given the nature of the tour, we can only cater for the independent, high functioning low support needs client, who requires no behaviour support when out in the community.

All of our Australian Support Workers and Fijian guides and assistants have many years experience working in the disability sector and are fun, caring and engaging. We make sure that all of our participants have similar support requirements and communication levels. That way, you are not only having a great holiday but making great new friends.

*We give back

For the past two years, John has been assisting the Sigatoka Special School to develop Fiji's first Disability Enterprise. With the help of Sydney Based Company Project Everest, we are committed to assisting the school in creating a dried fruit packaging workshop. What better place to develop this micro business. It will be staffed by people that have finished their schooling. This will hopefully give final year students a sense that they now have an employment opportunity when they finish school. Plus it will provide students with valuable life skills.
