

Dear STREAM Families,

Did you know studies show that students who do not read or have access to books over the summer lose 2 months' worth of reading performance? Those losses accumulate during the elementary school years so that by the time a child enters middle school he/she might be 2 ½ years behind!

The first annual STREAM Summer Reading Program is here!

Here's how it works:

1. Read and log in “reading minutes” for your grade level. At least 600 minutes for K-3rd grades and at least 1200 minutes for 4th-8th grades.
2. Choose books that are within your AR (reading) level. Go to <http://arbookfinder.com/> to look up the books you are reading.
3. Complete the reading log for your grade level (K-3rd) (4th-8th).
4. Students turn in their completed summer reading log to their new teacher by the *SECOND DAY* of the new school year. If you need more space, attach any paper with your entries to the log.
5. Earn an awesome reward!

Date	Title	Author	Minute s Read	Readi ng Level	Parent Signature

To find the reading level of your book go to: <http://arbookfinder.com/>

- Log in at least 1200 reading minutes this summer
- Bring back this log to STREAM Charter School by the second day of school and give to your new teacher
- Earn a reward!
